

More Trains More Services

May 2022

Shellharbour

More Trains, More Services

The More Trains, More Services program is upgrading the rail network to support the introduction of the Mariyung fleet. As part of the program, we are extending the platforms at Shellharbour Junction Station so customers can safely access all carriages on the new fleet of longer trains.

What's next in Shellharbour?

In May, construction at Shellharbour will involve installation of piles on the southern ends of Platform 1 & 2 as part of the platform extension works. Our work will take place during standard construction hours **7am-6pm Monday to Friday and 8am-1pm on Saturdays**.
