

St Peters Station Upgrade Community Update

Transport Access Program

April 2023

Transport for NSW acknowledges the Gadigal and Wangal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

What work are we doing in April?

Work includes:

- Landscaping on Railway Lane and Lord Street including line marking work
- Platform upgrades
- Installing lifts including cladding, glazing and louvre
- Installing platform furniture and canopies
- Installing and commissioning electrical services
- Installing handrails
- Installing screens on footbridge and lifts.

When and where we'll be working

In April, work at the station will continue **Monday to Friday from 7am until 6pm**, and **from 8am until 1pm on Saturdays**.

Some activities are required to be undertaken outside of our standard work hours. These activities have been planned during some scheduled Sydney Trains trackwork weekends as follows;

- **6am Saturday 1 until 6pm Sunday 2 April**
- **2am Friday 7 until 10pm Monday 10 April**

What will this mean for you?

You may notice:

- Intermittent periods of high noise
- Increase in construction traffic
- Temporary parking restrictions: at times, up to eight spaces on Lord Street will be temporarily unavailable to allow for landscaping works to be carried out.
- Temporary closure of station facilities: the Station Master's office and the existing station toilets are currently closed due to investigation works.

Changes to scheduled works

Work schedules are subject to change due to permits, weather, and site conditions. Further notification will be provided should there be a significant change to the construction program.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- Reducing our noise as much as possible
- The use of noise blankets where possible, replacing reversing beepers with clickers
- Traffic control and signage will be in place
- Directional lighting pointed away from residential properties wherever possible.
