

# Sydney West Overhead Wiring Upgrade – Seven Hills

## More Trains, More Services

April and May 2023

Transport for NSW acknowledges the Toogagal and Toongabbit people of the Dharug Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

### What work are we doing?

Investigation work is progressing on the Sydney West Overhead Wiring Upgrade in Seven Hills.

In April we'll continue work to locate existing underground services and confirm ground conditions to assist with early planning and design.

### Where we'll be working

Work will take place inside the rail corridor.

Temporary site compounds will be established on Hartley Road, Station Road, First Avenue and near Seven Hills Station. The site compounds will be used for storage of equipment and materials, worker parking and pre-start work meetings.

Please refer to the map overleaf.

### When we'll be working

Standard construction hours are between **7am and 6pm Monday to Friday and 8am and 1pm on Saturdays.**

Some work will take place outside of standard construction hours from **6am Saturday 1 April to 6pm Sunday 2 April.**

This work will take place during a scheduled Sydney Trains trackwork period when no trains will be running. Scheduling work outside of standard construction hours enables us to complete essential work safely.

### What will this mean for you?

You may notice:

- workers and heavy vehicles
- noise from machinery and equipment.

### Managing our impacts

We understand construction activities may cause disruption for the community.

We'll seek to minimise impacts as much as possible and adhere to strict environmental conditions relating to noise, vibration and dust management.
