

More Trains, More Services

T8 Airport Line Power Supply Upgrade Project

What's the latest news?

During April, the project team carried out the installation of cables on Wyndam Street from the Rail Operations Centre to Green Square Train Station.

What's planned next?

During August, the project team will be continuing the installation of cables on Wyndam Street from the Rail Operations Centre to Green Square Train Station.

This work will be carried out on **Saturday 7 August and Sunday 8 August 2021**, between 6am and 6pm.

These works are dependent on weather and site conditions and are subject to change.

How are we staying safe?

In line with recent restrictions introduced by the NSW Government on 17 July 2021 to help keep our communities safe, construction activities on the T8 Line Power Supply Upgrade Project are paused until Friday 30 July. We are making arrangements for our work activities to safely recommence from 31 July 2021, as detailed in this notification. Should these restrictions change based on advice by the NSW Government, which may impact the timing of our work, the community will be notified. We encourage you to subscribe to our project email distribution for the latest information, by calling us on 1800 684 490 or emailing projects@transport.nsw.gov.au.

Where will work take place?

The above map shows the location of work on Wyndam Street between Mandible Street and Green Square Train Station.

Will alternative transport services be running during scheduled track work weekends?

For up to date information about replacement services during this scheduled trackwork period please visit transportnsw.info or call 131 500. The work is dependent on weather and site conditions and is subject to change.

About More Trains, More Services

Over the next ten years the More Trains, More Services program will simplify and modernise the rail network so that customers can expect more frequent train services, with less wait times, less crowding and more seats on a simpler, more reliable network.
