

Transport Access Program

Towradgi Station Upgrade

Community notification

March and April 2023

Transport for NSW acknowledges the Woddi Woddi people of Dharawal Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is upgrading accessibility at Towradgi Station. This upgrade is being delivered as part of the Transport Access Program.

Completed work

The custom paving and planting in the grassed areas was completed in February. Plant and turf work continued and will be maintained during and after construction.

Upcoming work

In March we will be finalising the station upgrade, including testing, commissioning, and removing the temporary fencing around the meeting circles and new footpaths in Weber Park.

Out-of-hours work

Out-of-hours work will be carried out between **6am Friday 7 April and 6pm Monday 10 April**. For the safety of staff and customers work will take place during a scheduled Sydney Trains trackwork period when no trains are running, and the station is closed.

Work to be completed this weekend includes:

- electrical and security work
- removal of platform hoardings around the work areas
- installation of a temporary yellow line on Platforms 1 and 2
- resurfacing work on Platforms 1 and 2

This work may generate higher than normal levels of noise. Once noise assessments have been carried out, respite vouchers may be offered to residents immediately surrounding the work areas.

Working hours

Aside from weekend work mentioned above, normal working hours will continue between **7am and 6pm Monday to Friday** and **8am to 1pm Saturdays**.
