

## Transport Access Program

Tuggerah Station Upgrade

Project update – February 2023

*Image of cleared out garden bed which will be replaced in the future with a new landscaped garden.*

### The NSW Government is improving accessibility at Tuggerah Station

Transport for NSW is upgrading Tuggerah Station as part of the Transport Access Program. The upgrade will provide a station that is accessible to those with a disability or limited mobility, parents/carers with prams and customers with luggage.

Early investigative work on the project started in June 2022 and in February the project progresses into the construction phase.

### Work activities

Construction and investigative works will be undertaken at Tuggerah Station in February. These activities will include:

- construction of new temporary access ramps to platform 1 & 2
- removal and demolition of existing canopies, platform concrete slabs, entry stairs and access ramps leading to the platforms. (Ramps leading to the footbridge which cross the rail corridor will remain until the end of the project)
- minor earthworks
- installation of hoarding.

Some of these activities will be undertaken at night. Impacted stakeholders will be notified ahead of time. Schedules are subject to change due to permits, weather and site conditions.

## Construction hours

Standard construction hours are 7am to 6pm Monday to Friday, 8am to 1pm Saturday and no work on Sundays or on public holidays. We will notify nearby residents and businesses in advance if we need to work outside these times.

## Out of hours work

From **6pm to 6am on Thursday 23 February, Friday 24 February, Monday 27 February and Tuesday 28 February**, we will be dismantling canopies on Platforms 1 and 2. Activities will include the use of hand tools, lighting towers, a grinder, a crane, scissor lift and delivery trucks.
