## Extended Night Works

### Turrella Station Upgrade

Transport for NSW acknowledges the Gadigal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Turrella Station Upgrade is delivered as part of the Transport Access Program

The upgrade will provide a station precinct that is accessible to people with disability, limited mobility, parents/carers with prams and customers with luggage.

### Extended night work

In April, we asked for your feedback on our proposal to extend night works across four consecutive nights from **6pm Monday 29 May to 7am Friday 2 June**.

The extended timeframe is required to complete a larger scope of work in a shorter time period, which will in turn result in faster completion of work and reduce the long-term impacts on the community.

Following the feedback received, we will proceed with the work.

### What we will be doing

- installing new stormwater system beneath the station platform
- delivering materials and equipment to and from the work zones
- installing steel for the new station canopy, structural steel beams, pre-cast concrete stairs, overhead wiring structures and protection mesh screens.

The use of equipment and powered hand tools will be required for the duration of the work.

### When and where we'll be working

We will be working at the station, as well as on Turrella Street and Reede Street Bridge. Access and use of the project site compound at 127-135 Turrella Street will be required for the duration of the work.

Activities will be undertaken from **6pm Monday 29 May to 7am Friday 2 June** and we will work during the day and night until the work is completed.

### What will this mean for you?

- Turrella Street will be closed from **6pm Monday 29 May to 7am Tuesday 30 May** and from **6pm Tuesday 30 May to 7am Wednesday 31 May** to facilitate works
- lane closures on Reede Street bridge will be in place from **6pm Wednesday 31 May to 7am Thursday 1 June** and **6pm Thursday 1 June to 7am Friday 2 June**
- bus stops on Turrella Street will be temporarily relocated from **6pm Monday 29 May to 7am Friday 2 June** on Turrella Street and to Reede Street - see map overleaf
- intermittent footpath closures on Turrella, Reede and Henderson streets
- there may be intermittent periods of high noise from machinery and equipment
- increased truck movements, speed reductions, traffic controllers and signage for lane and road closures.

## Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes turning vehicles off when not in use, reducing noise wherever possible and directing lighting away from residential properties.
