

Turrella Station Upgrade

Community notification

July 2023

Transport for NSW acknowledges the Gadigal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Turrella Station Upgrade is delivered as part of the Transport Access Program.

The upgrade will provide a station precinct that is accessible to people with a disability, limited mobility, parents/carers with prams and customers with luggage.

What are we doing in July?

- cabling and containment for new electrical and public address systems
- installation of new platform drainage
- road and footpath work on Reede and Turrella streets, including upgrade to the northern footpath
- station building upgrades to new unisex toilets
- opening the Unisex Family Accessible Toilet at the end of the station building.

The above works involve delivery and removal of construction material and equipment, as well as the use of heavy equipment such as cranes, concrete pumps and excavators, including vehicles modified to operate on the railway.

When we'll be working

Our construction hours will be between **7am and 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

What will this mean for you?

You may notice:

- traffic controllers and signage
- lane closures and reduced speed limits
- footpath closures
- noise from machinery and equipment.

Temporary lane closures on Reede Street bridge

We will continue to intermittently close one lane of Reede Street bridge during the day until October 2023. These closures are required to enable the set-up of equipment and to carry out works on the station platform and upgrade of the footpath and station access.

Vehicle and pedestrian access will be maintained at all times under traffic management. Follow traffic signage and allow for additional travel times during this period.

Location of work and lane changes
