

Wakehurst Parkway – Site investigations

July 2023

Transport for NSW acknowledges the Gayamagal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The NSW Government is investigating improvements to Wakehurst Parkway between Frenchs Forest Road, Frenchs Forest and Pittwater Road, North Narrabeen focusing on safety and capacity for this key link in Sydney's Northern Beaches.

Initial site investigations on Wakehurst Parkway took place between January and June this year.

Transport for NSW will continue these investigations to better understand and inform the options being considered for these improvements.

What work are we doing?

Investigations will take place along Wakehurst Parkway between Pittwater Road and Frenchs Forest Road. The key work areas will include:

- Trefoil Creek
- Dreadnought Road
- Oxford Falls Road
- Middle Creek Reserve
- Elanora Road
- Mirrool Street

The work will involve land surveys, utility investigations and geotechnical surveys which will include boring and minor excavation.

Work schedule

We'll be working at various locations on Wakehurst Parkway from **Wednesday 19 July to Tuesday 31 October**.

Work will not be constant throughout this period. Investigations will be carried out in stages across the 9.5km corridor and will cover day and night shifts.

Day shift hours are **7am to 6pm, Monday to Friday and 7am to 1pm, Saturday**. Night hours are **8pm to 5am Mondays to Saturdays**.

We will not work on Sundays or public holidays at this stage. Work schedules are subject to change due to permits, weather and site conditions. Further notification will be provided should there be significant changes to our investigation schedule.

What will this mean for you?

While most of the work will be carried out alongside Wakehurst Parkway with minimal impacts to traffic, temporary traffic changes will be required at various times to ensure work zones are safe.

This may include partial lane closures and reduced 40km/h speed limits near our work areas.

Please keep to speed limits and follow the direction of traffic controllers and signs.

Some work may be noisy at times. We will do everything we can to minimise these impacts where possible.

Access to some properties may be impacted during our work. We will notify any impacted properties prior to work commencing and discuss alternative access arrangements with property owners directly as required.
