

More Trains, More Services

Waterfall Stabling Yard and Platform Extension Project

February 2022

Upcoming night work

As part of the More Trains, More Services work at Waterfall, we are required to complete some night activities outside of standard construction hours (7am-6pm, seven days a week) **between 6pm Friday 25 February and 7am Monday 28 February 2022.**

A crane lift will take place over the weekend and will require the closure of a lane and the shoulder on the southbound carriageway on the Princes Highway between:

- **8pm Friday 25 February and 5am Saturday 26 February**
- **8pm Saturday 26 February and 5am Sunday 27 February.**

Traffic control and signage will be in place to assist motorists with these changes.

This work has been scheduled to take place during power isolation periods, minimising disruptions to commuter services and improving the safety of our construction team and customers.

Our Environment Team have identified properties where our night work activities may be disruptive, and we will contact you directly if your property has been identified to discuss additional mitigation measures.

We would like to thank you, our closest neighbours, for your ongoing support as we work to deliver an improved rail network.
