Wentworth Avenue and Baker Street Upgrade

April/May 2023

Australian Government

Transport for NSW acknowledges the Gadigal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Wentworth Avenue and Baker Street upgrade is nearing completion with the signalised intersection now operational.

We demobilised the site compound at Mutch Park, storage yard at 2a Baker Street will still be used until mid-May 2023.

What work are we doing in April and May?

Work includes:

- Finalising stormwater
- Reinstating landscaping in the area
- Rectifying the footpaths
- Installing new street lighting along the Wentworth Avenue carriageway
- Installation of new earth grid

When and where we'll be working

Working hours are **6pm to 6am, Sunday to Thursday**.

Where works may be impacted by inclement weather, alternate works may be scheduled on a Friday night between 6pm to 6am.

Most of the work is required to be undertaken at night for the safety of workers and road users, and to minimise the impact on the road network.

What will this mean for you?

You may notice:

- Intermittent periods of high noise
- Directional lighting
- Traffic lane closures
- Footpath closures
- Temporary restriction of driveway access
- Temporary restriction of parking between 19-39 Wentworth Avenue and 54-96 Wentworth Avenue
- Temporary restriction of parking between 116 – 7/7 Baker St.

Managing our impacts

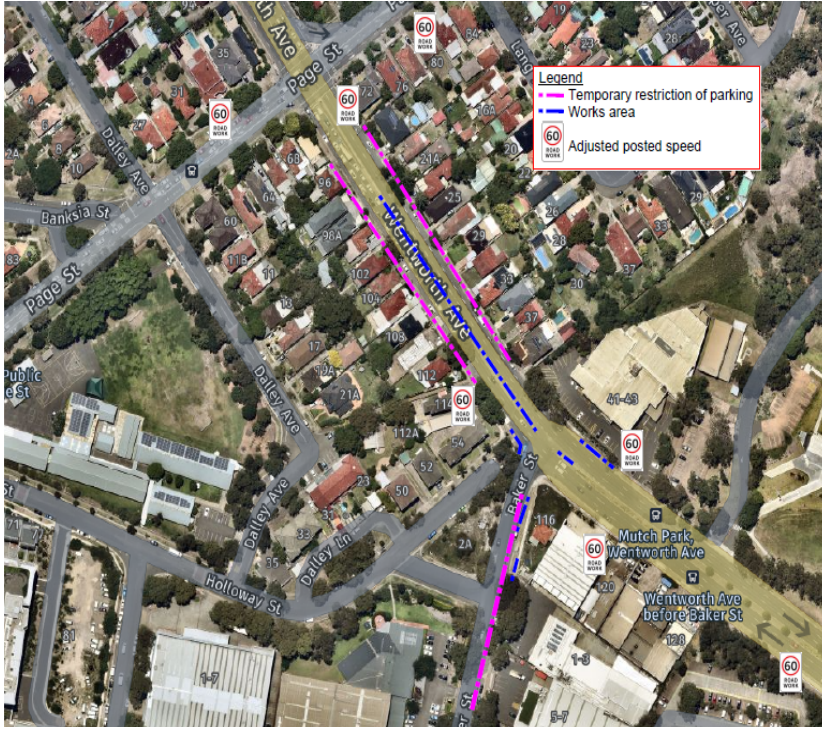

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- High noise activities scheduled before **12am** wherever possible
- Use of noise blankets and replacing reversing beepers with clickers
- Traffic control and signage
- Directional lighting pointed away from residential properties wherever possible.
