

Wolli Creek Power Supply Upgrade

More Trains, More Services

November and December 2023

Transport for NSW acknowledges the Gweagal, Bidjigal and Gadigal Clans as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is building a new substation within the rail corridor to create the necessary power supply to support the increase in the number of trains travelling along the T8 Airport Line in the future.

What work are we doing?

In November and December, we will carry out the following activities:

- continuing to work at the new substation
- prepare the cables and electrical infrastructure inside the rail corridor for operational use in the future
- removing cables and rail infrastructure that are no longer used along the rail corridor
- continuing to work inside the electrical pit located on Spark Lane near Wolli Creek Station.

When and where we'll be working

Standard construction hours are between **7am and 6pm Monday to Friday** and **8am and 1pm on Saturdays**.

We'll be working inside the rail corridor and in the site compounds at 5A and 25 Lusty Street as well as at Spark Lane near Wolli Creek Station as shown on the map overleaf.

Out-of-hours work

For safety reasons, some work will take place outside of standard construction hours when no trains will be running from:

- **8pm Friday 24 November to 6am Monday 27 November 2023**

- **8pm Friday 8 December to 6am Monday 11 December 2023.**

What will this mean for you?

You may notice:

- workers and heavy vehicles
- parking restrictions of around six parking spaces on Henderson Road, Turrella for the use of plant and equipment
- traffic controllers on Spark Lane near Wolli Creek Station and the car park entrance of 9 Brodie Spark Drive to maintain safe access
- noise from machinery and equipment.

Managing our impacts

We understand our work may cause disruption for the community. We'll seek to minimise impacts as much as possible and follow strict environmental conditions relating to noise, vibration and dust management.

There's a lot happening

There are multiple contractors currently working within the Wolli Creek rail corridor. For more information on work being completed by Sydney Trains, please phone 1300 656 999 or visit www.transport.nsw.gov.au/sydtraincommunity

Location of work

We are going paperless

In case you haven't heard, soon we'll no longer be distributing paper notifications (unless requested) to reduce our environmental impacts. Instead, we will contact you via email when there is work that may impact you.

If you haven't already, please scan the QR code and fill out the form to register for email updates.

To continue receiving paper notifications, you can request this via the QR code or call us at **1800 684 490**.

Thank you to residents who have registered.
