

Alfred Street Cycleway Integration Project

Start of construction notification

May 2023

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands for this project and pay respects to Elders past and present.

Transport for NSW is delivering a new section of cycleway on Alfred Street, Parramatta between George Street and Noller Parade.

The new cycleway connection will provide a continuous north-south cycleway along Alfred Street Parramatta. It will link the proposed cycleway on Alfred Street south of George Street, to the Alfred Street Bridge, which is currently under construction.

What is happening?

The new cycleway will include:

- a dedicated cycleway between George Street and Noller Parade
- a raised bike and pedestrian crossing at Noller Parade to link the new cycleway to Alfred Street Bridge
- relocation of the Kiss and Ride zone to River Road West
- new garden beds and tree plantings
- upgrades to street lighting, including new lighting poles and cycle lanterns
- line marking adjustments.

For more information, please scan the QR code on the page overleaf.

When will we be working?

Construction of the new cycleway connection will start on **Wednesday 7 June 2023**, with construction expected to take approximately eight weeks, weather permitting, to complete.

Some works will be carried out during standard construction work hours **Monday to Friday, 7am to 6pm** and **Saturday, 8am to 1pm**.

However, for the safety of our workers, motorists, pedestrians and cyclists, and to minimise traffic disruptions, most of the work will be carried out at night between **Sunday to Thursday, 8pm to 5am** for up to five nights per week, to get the work done as quickly as possible.

We will not work on Friday and Saturday nights, and there will be no work on the 12 June Public Holiday.

We will notify nearby residents and businesses in advance if we need to work outside these hours.

Traffic changes and detours

To safely install the new crossing at Noller Parade, we will need to close Noller Parade at Alfred Street for two nights of work. During this time detours will be in place. Access to properties on Noller Parade will be maintained at all times via George Street.

Further information on the detour routes can be seen on the map overleaf.

We will provide a community update as soon as the road closure dates have been confirmed. Notice of the road closure will also be provided at least five days beforehand on Variable Message Boards.

What will this mean for you?

Things you may notice during construction:

- workers, vehicles and traffic control personnel
- temporary changes to traffic, cycling and pedestrian access, including lane closures
- temporary reduced speed limits to 40km/hour
- temporary lighting
- noise and vibration from machinery and equipment.

Managing our impacts

We understand construction activities may cause disruption. We try to minimise the impacts by:

- turning off equipment when not in use

- locating equipment as far away from residents and businesses as possible
- using noise blankets where possible
- completing noisy work before midnight.

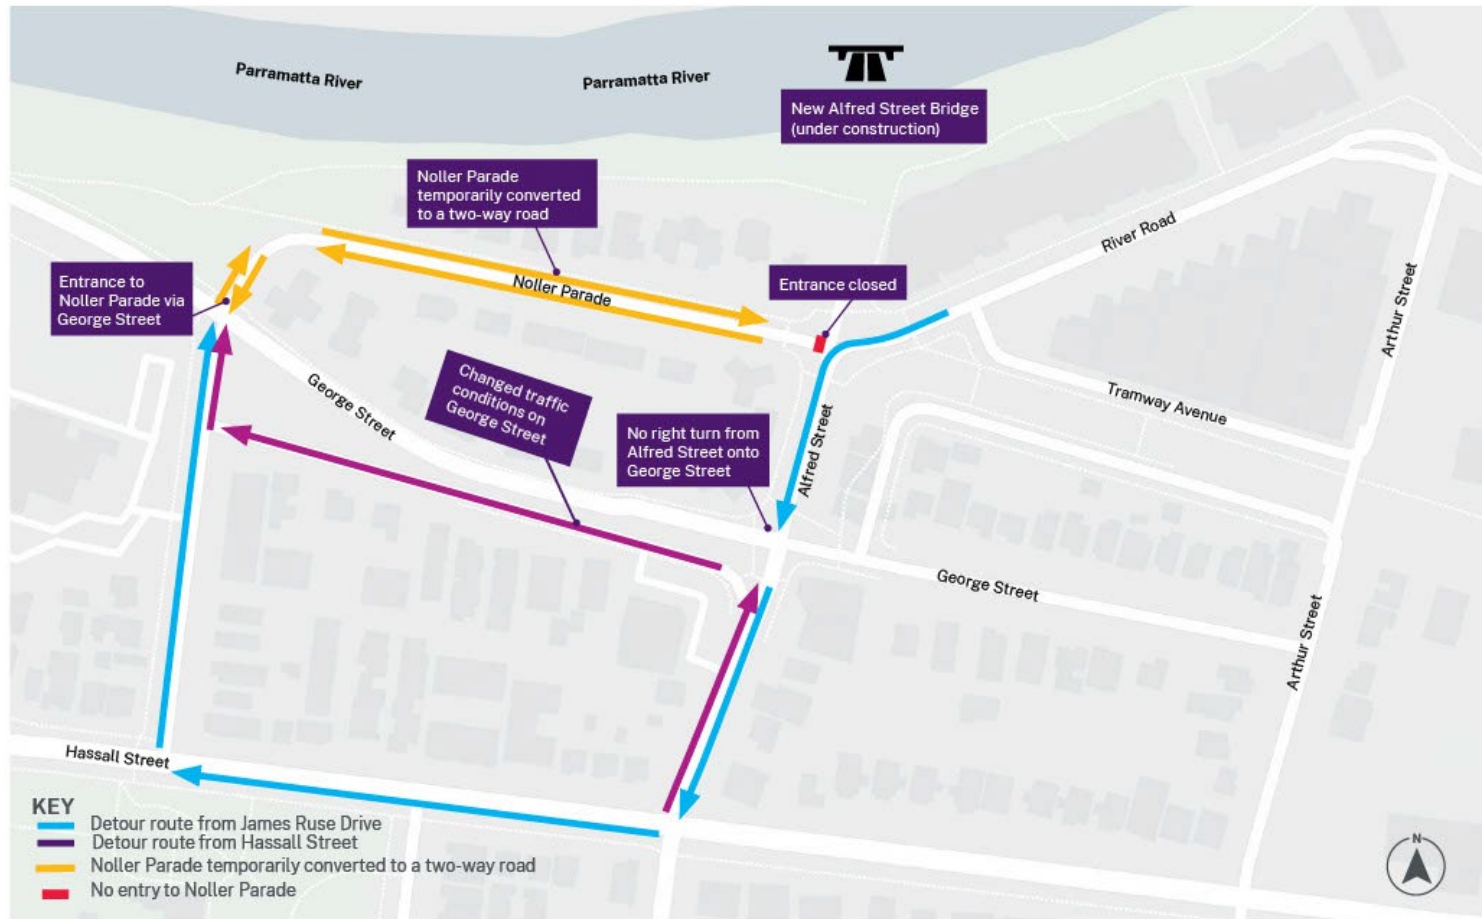

If you have any questions about the work or would like to receive project updates via email, please contact the project team on **1800 979 577** or at **parramatta@transport.nsw.gov.au**.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Transport for NSW thanks you for your patience while we complete this important work.
