

Bundidgerry overtaking lane north of Narrandera

Transport for NSW

December 2023

The Newell Highway Program Alliance (NHPA) is excited to announce the completion of a northbound overtaking lane on Wiradjuri Country, at Bundidgerry, about two kilometres north of Narrandera. This project adds about 1.5 kilometres of overtaking lane to the Newell Highway.

The NHPA is jointly funded by the Australian and NSW Governments to deliver 38 overtaking lanes over four years on the Newell Highway.

The NHPA has now completed all 38 overtaking lanes totalling approximately 60 kilometres of overtaking lanes since it started in early 2019.

The overtaking lanes will improve safety, reduce travel times, and improve freight efficiency as part of the Newell Highway upgrade.

The new overtaking lane at Bundidgerry includes new pavement constructed across the full width of the highway. This approach will improve durability and reduce future maintenance works. Work on the overtaking lane started in May 2023 and through effective traffic management measures, motorists experienced delays of less than five minutes during construction.

We thank you for your patience during these works.
