

Early works complete Tumbi Rd and Central Coast Hwy

Intersection upgrade update

November 2023

Transport for NSW acknowledges the Darkinjung people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Government is upgrading the Central Coast Highway between Wamberal and Bateau Bay

As part of the project, the upgrade of the most congested intersection at Central Coast Hwy and Tumbi Rd has been prioritised and fast tracked.

What have we been doing?

Early works to prepare for the Central Coast Highway and Tumbi Road intersection upgrade are now complete.

Since work started in February this year, we have carried out:

- survey work
- vegetation clearing
- utility relocation
- minor earthworks
- drainage work
- underboring
- installation and removal of temporary barriers and placement of project signage and new linemarking.
- placement of project signage and new linemarking.

What's next?

In **mid-November**, the northbound bus stop will be returned to its original position on the Central Coast Highway, about 80 metres south of its current location.

You may notice ongoing activities beyond November, including work to maintain environmental controls and vegetation management.

What will this mean for you?

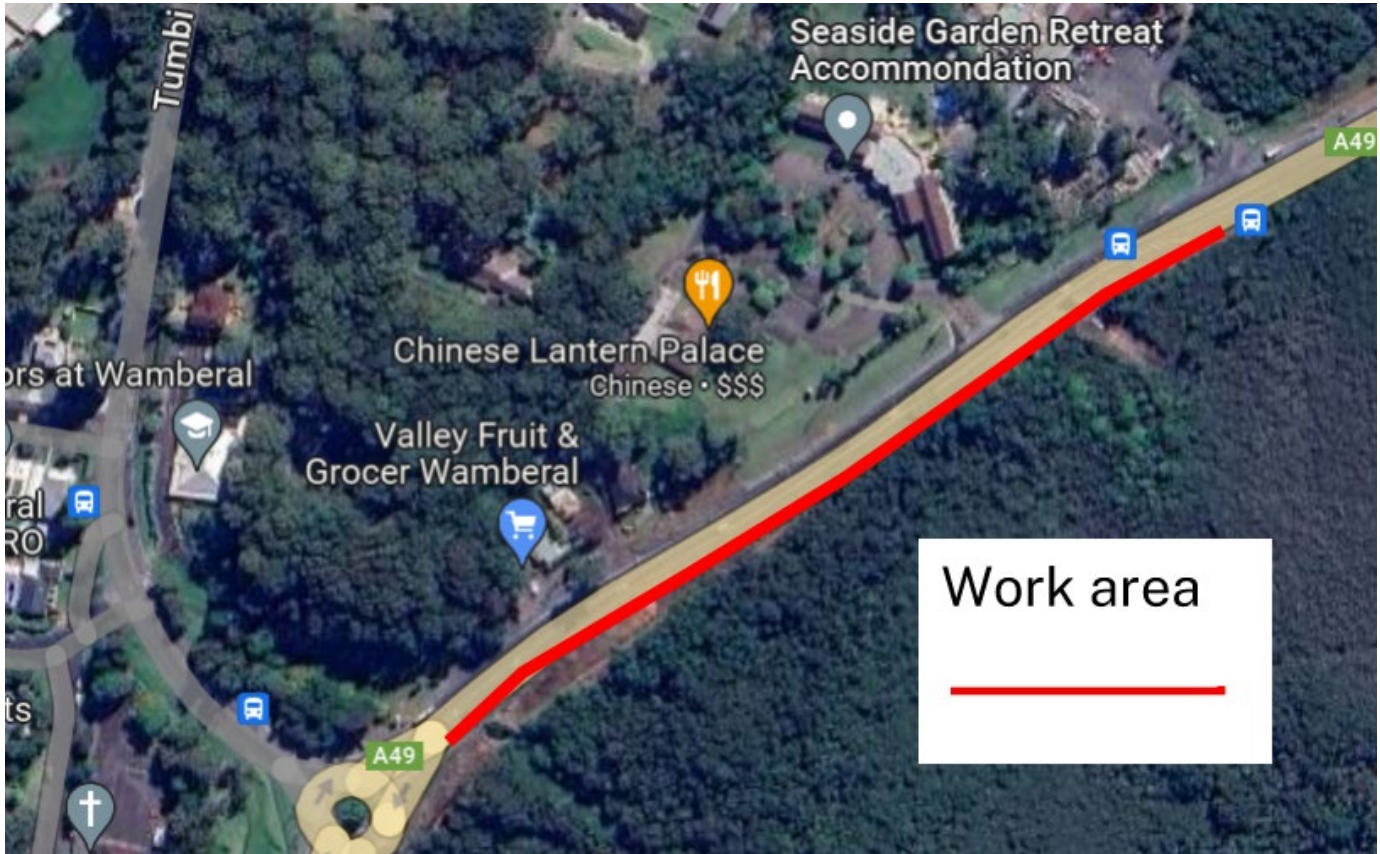

You may notice:

- Workers and vehicles
- Minimal noise from machinery and equipment.

We would like to thank you for your patience during this important preparation work.
