

Como Commuter Car Park

September / October 2023

Transport for NSW acknowledges the Dharawal people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is delivering a new commuter car park at Como Station as part of the NSW Government's Commuter Car Park Program.

The project will provide 34 new commuter car parking spaces to deliver more convenient access to public transport and help ease congestion on our roads.

What work are we doing?

Activities on site through September and October will include:

- line marking and other finalisation work
- landscaping around the car park and on Como Parade along the site frontage
- asphalt replacement work on Como Parade adjacent to the car park entrance
- cctv system installation and commissioning
- electrical services commissioning
- site shed removal
- removal of redundant boundary fencing

When we'll be working

We will be onsite between **7am to 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

Residents will be separately notified if work outside standard construction hours is planned to take place.

What will this mean for you?

There will be noise from vehicle movements, and operation of construction plant and equipment. Measures will be in place to minimise impact to neighbours.

You may notice workers and vehicle movements in the area. Workers will be encouraged to use public transport to minimise traffic impacts in the area.

Traffic changes

Temporary traffic changes and lane closures may be in place on Como Parade to ensure the work zone is safe. Motorists are asked to take extra care, keep to displayed speed limits, and observe traffic controls and signage when travelling through work areas.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Keeping you up to date

We will keep you informed about the project through notifications to our customers, residents, and businesses.
