

Nightworks at Little Hartley from 2 – 3 November

Coxs River Road Upgrade
October 2023

Transport for NSW acknowledges people of the Wiradjuri Nation as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Coxs River Road upgrade will reduce congestion and improve safety and accessibility for all local and highway road users, commuters and pedestrians.

Transport for NSW's contractor, Ertech, is carrying out the works at Little Hartley for the Coxs River Road Upgrade.

We have scheduled nightwork to safely relocate barriers and line mark the temporary side-track on Coxs River Road.

What work are we doing?

We will undertake the following activities during this period of nightwork:

- Relocating barriers along Coxs River Road and the Southern side of the Great Western Highway.
- Line marking on the Great Western Highway and Coxs River Road.

- Plant moving in and out of the project site.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:
