

Opening of West Parade to Bridge Street from 15 December

Denmark Link Road Upgrade December 2023

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Denmark Link Road is a new link road being constructed between Garfield Road West, Riverstone, and the Westminster Street Bridge at Schofields.

What work are we doing?

On 15 December, we will be opening the new link road between West Parade and Bridge Street to traffic.

The new road is a key part of the project and will join two streets that were previously cul-de-sacs.

The connection will also increase road capacity to meet the future transport needs for Sydney's growing north west as part of the North West Growth Centre (NWGC).

What will this mean for you?

The connection will mean that motorists have an alternative route to go around the Riverstone Town Centre via the Westminster Street Bridge.

It is also expected that traffic congestion along Garfield Road West around the railway level crossing at Riverstone should also ease because of the new road.

Traffic changes

Bridge Street and West Parade will become a two-way street and will enable traffic to go around the

railway crossing at Garfield Road West near the Riverstone Town Centre.

Motorists are advised to take note of traffic signs, follow the speed limit and to drive carefully while getting used to the new route.

For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.

Remaining work

Work is also continuing along the rest of the project along other local roads including Denmark Road, Garfield Road West, Creek Street, Carlton Street and Trevithick Street.

Remaining works include preparations to leave site compound and remediation.

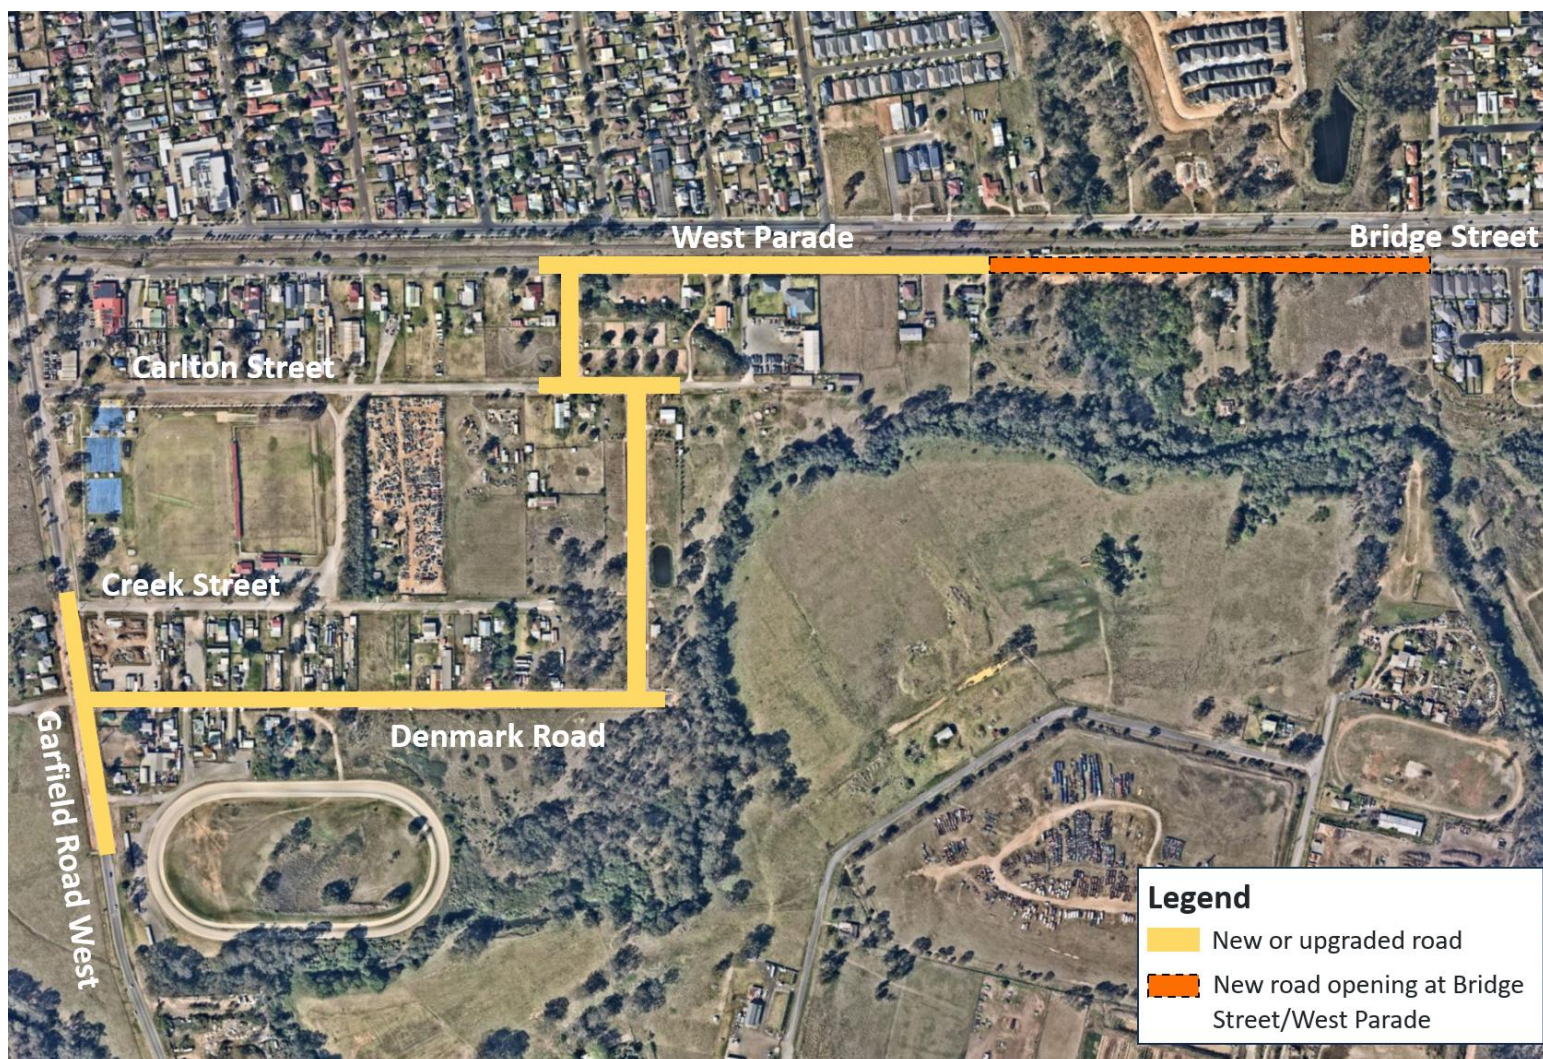

Holiday shutdown period

Our work site will be closed for the holiday period from Thursday 21 December to Sunday 7 January 2024.

During this shutdown period, we will respond to project-related emergency queries and our 24-hour community information line will still be in operation.

On behalf of everyone on the Denmark Link Road Project, we hope you have a safe and enjoyable holiday period.
