

# Night shift for light pole relocation on Garfield Road West on Friday 20 October

## Denmark Link Road

October 2023

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Denmark Link Road is a proposed new link road between Garfield Road West, Riverstone and the Westminster Street bridge, Schofields.

This new link road aims to alleviate traffic congestion along Garfield Road West around the railway level crossing at Riverstone and provide an alternate local connection for light vehicles to cross the Richmond railway line, to avoid the Riverstone town centre.

### What work are we doing?

We are upgrading the existing street light network and need to relocate a light pole located on Garfield Road West between Denmark Road and Creek Street.

Work includes:

- setting up traffic control
- using a vacuum truck to remove a small amount of earth materials and expose the base of the pole
- using a life borer to remove the pole and place it in its new location.

### When and where we'll be working

We will be completing our work at night to reduce traffic disruption and any safety risks to the workers and road users **on Friday 20 October from 7pm to 11pm.**

Please refer to the map showing the location of work area at the back of the page.

### What will this mean for you?

Access to residential properties will always be maintained.

Our work may be noisy at times. We will make every effort to lessen the disturbance where possible and will turn off vehicles when not in use.

### Traffic changes

There will be temporary traffic changes including intermittent lane closure with alternating traffic during our work hours to ensure the work zone is safe. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, call **132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.
