

Kirkconnell Rehabilitation and McManus Road Safety Works

Vegetation and tree removal on the Great Western Highway at Kirkconnell

August 2023

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are jointly funding the \$18.5 million safety upgrades on the Great Western Highway as part of the Kirkconnell Rehabilitation and McManus Road Safety Works, approximately 30 kilometres east of Bathurst.

What work are we doing?

Phase two of essential vegetation and tree removal will begin on the Great Western Highway between Meadow Flat and Kirkconnell as work continues on the Kirkconnell Rehabilitation and McManus Road Safety Work project.

The work includes essential vegetation and tree removal and mulching between McManus Road and Sunny Corner Road. We have included a map to show the location of the work.

When and where we'll be working

We will be working between **7am** and **6pm** from **Tuesday 29 August** and expect to complete the work in **four weeks**, weather permitting.

We will let you know in advance if we need to do any work outside these times.

What will this mean for you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

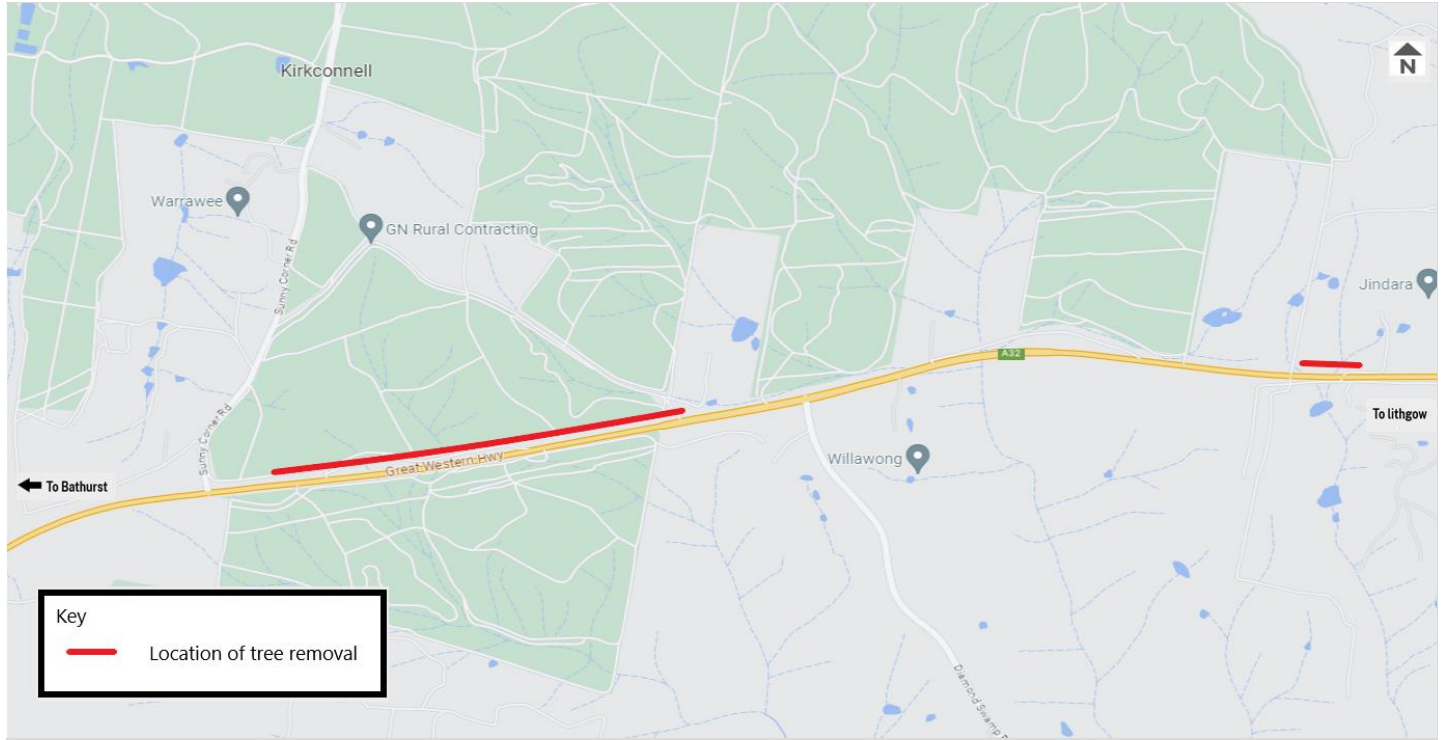

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures, intermittent stopping and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow up to five minutes extra travel time during this work. Outside of work hours speed limits of 80km/h will be in place.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
