

Henry Lawson Drive Stage 1A upgrade

March 2023

Transport for NSW is continuing investigation works as part of the Henry Lawson Drive Stage 1A upgrade. Night work will occur from **Monday 20 March until Thursday 23 March** outside of standard working hours, weather permitting. The work will take place in the following locations:

- Intersection of Milperra Road and Henry Lawson Drive
- Intersection of Henry Lawson Drive and Tower Road
- Henry Lawson Drive north of Auld Avenue

The following activities will also occur in March:

- Site compounds will be established
- The property at 439 Henry Lawson Drive will be demolished

This work may be noisy at times. We will make every effort to minimise impacts to the local community and motorists in the area by keeping general noise to a minimum and directing lights facing away from residential areas, wherever possible.

There will be temporary lane closures along Henry Lawson Drive. Traffic control will be in place to ensure the work zone is safe for road workers, motorists and pedestrians. Please follow the direction of traffic controllers and follow traffic signs.

You can also call 132 701, visit livetraffic.com or download the Live Traffic NSW app, for traffic updates.
