- temporary road pavement and asphaltting work
- installation of stormwater drainage

### Our work schedule

Temporary line marking and barrier installation on Windsor Road between Wrights Road and Memorial Avenue	1 x 3 nights

Installation of stormwater on Old Windsor Road, north west of the Memorial Avenue intersection	1 x 3 nights

Transport for NSW acknowledges the Darug people as the traditional owners and custodians of this land and pays respect to Elders past and present.

## How will the work affect you?

We will be completing our work at night to reduce traffic disruption and any risks to the workers and road users during the day. The night work will involve some use of noisy machinery. We will make every effort to lessen the disturbance where possible, completing noisier work earlier in the evening and turning off vehicles when not in use.

### Night work locations at Memorial Avenue

We wish you and your families all the best over the holiday season.
