

M12 Motorway – Central

Out of hours work in Kemps Creek and Cecil Park – March 2023

What are we doing?

Transport for NSW will continue night work for up to **23 night shifts** between **Wednesday 1 March 2023** and **Friday 31 March 2023** along Elizabeth Drive, Clifton Avenue, Salisbury Avenue, Mamre Road, Range Road and Duff Road in Kemps Creek and Cecil Park.

The map overleaf shows the location of our work.

During this period, we will:

- install new communications, power and water mains
- deliver imported earthworks material to the construction site via Elizabeth Drive, Mamre Road, Range Road and Clifton Avenue
- bridge work (piling, abutment construction, pile capping piers) at South Creek, Clifton Avenue, Elizabeth Drive and Range Road
- deliver, use and remove oversized equipment when needed
- repair, maintain and install road pavement as required
- landscape maintenance and grass cutting.

These works need to be carried out at night for the safety of our workers and road users and to minimise traffic disruption.

We will also start low impact earthwork activities from **6am, Monday to Saturday** across the project from **Monday 27 February 2023**. On some occasions we may need to start from **5am** or finish after **6pm, Monday to Friday** and **Saturdays** for concrete pours to establish bridge foundations as the quality of concrete can be impacted if activities are not continuous, or they occur during hot, cold or windy conditions.

Our work schedule

Our night work hours are between **6pm** and **7am, Monday to Friday**. We will not work more than two nights in a row and three nights in a week, in the same location.

Normal work hours are between **7am** and **6pm, Monday to Friday** and between **8am** and **6pm** on **Saturdays**. There will be no work on Sundays or public holidays.

What equipment will be used?

During the work we may use excavators, compactors, light and heavy vehicles, hand power tools, cranes, vacuum trucks, a water cart, sweepers, milling machines, asphalt pavers, bobcats and lighting towers.

Work zones – Elizabeth Drive, Clifton Avenue, Salisbury Avenue, Mamre Road and Duff Road

How will this work affect you?

During our work you may see increased activities in the area. The work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **midnight**, where possible, and turning off equipment and machinery when not in use.

Traffic changes

There will be temporary traffic changes along the work zone during our work hours to ensure the work zone and traffic are safe while the equipment is used, delivered and removed.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.
