Dear Deanne,

**RE: ER Approval of Minor Amendment M12 Motorway West – Site Establishment Management Plan Revision 02**

Thank you for providing the following document for Environmental Representative (ER) approval of minor amendments as required by the Condition of Approval A34 (i) of the M12 Motorway approval (SSI 9364):

- M12 Motorway West – Site Establishment Management Plan Revision 02

I have reviewed the minor amendments made to the document by CPBGG JV. Changes include additional locations for the Ancillary Facility related activity of rock crushing and screening in the M12 Motorway corridor alignment.

As an approved ER for the M12 Motorway project, I am satisfied the minor amendments to establish the rock crushing and screening plant at multiple locations within the alignment does not increase the impacts to nearby sensitive receivers, is consistent with the terms of the approval and project documents. Therefore, I approve the minor amendments to the subject Site Establishment Management Plan.

Yours sincerely

George Kollias  
Environmental Representative – M12 Motorway
