Dear Resident

Transport for NSW will continue to carry out investigation work in your area over the coming months. Starting Tuesday 14 March our noisy night works commence. You may see workers on-site between 8pm and 7am Sunday to Thursday. This work involves taking core samples of pavement, on completion the hole will be filled and restored. This work is expected to be complete by the end of March, weather depending.

You may experience noise impacts at times, but every effort will be made to keep this to a minimum and work within the approved noise limits. Thank you for your patience during this time.
