

Mascot Power Supply Upgrade

More Trains, More Services

August and September 2023

Transport for NSW acknowledges the Gweagal, Bidjigal and Gadigal Clans as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is upgrading the power supply to support an increase to the number of services operating through the T8 Airport Line tunnel and support the introduction of the new fleet of trains operating along the T8 Airport Rail Line.

What work are we doing?

In August and September 2023, we will continue to install a new 10.5-metre-high fence around the substation at 166 O’Riordan Street. A crane will be used to lift the fence panels into place.

Artist impression of the new substation fence

We will also undertake electrical work inside the substation.

When and where we’ll be working

Standard construction hours are between **7am and 6pm Monday to Friday** and **8am and 1pm on Saturdays**.

We’ll be working in the substation site at 166 O’Riordan Street and in the site compound at 200 O’Riordan Street. The map overleaf shows the work locations.

For the electrical work at the substation, we have approval to work between **7am to 6pm each Saturday** until December 2023.

Out-of-hours work and deliveries

For safety reasons some work and deliveries will take place outside of standard construction hours. The site compound at 200 O’Riordan Street may be used:

- **between 10pm and 5am from Monday 7 August through to Monday 28 August 2023**
- **10pm Friday 15 September to 6am Monday 18 September 2023.**

What will this mean for you?

You may notice:

- workers and vehicles in and near the work locations
- noise from machinery and equipment
- traffic controllers.

Managing our impacts

We understand our work may cause disruption to the community. We will seek to minimise impacts as much as possible and follow strict environmental conditions relating to noise, vibration, and dust management.

Location of work

We are going paperless

In case you haven't heard, soon we'll no longer be distributing paper notifications (unless requested) to reduce our environmental impacts. Instead, we will contact you via email when there is work that may impact you.

If you haven't already, please scan the QR code and fill out the form to register for email updates.

To continue receiving paper notifications, you can request this via the QR code or call us at **1800 684 490**.

Thank you to residents who have registered.
