

Day and night work on Mulgoa Road between Jeanette Street and Blaikie Road 26 June till 31 August 2023

June 2023

Australian Government

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present

Transport for NSW is delivering the upgrade of Mulgoa Road, between Jeanette Street and Blaikie Road. Work has progressed on removing the median strip, removing vegetation and property adjustments.

What work are we doing?

Work will include:

- Using machinery to remove the median
- Removing vegetation
- Utilities investigation
- Restoring the worksite when work is finished.

When and where we'll be working

Work will continue over the period of **26 June to 31 August 2023** on Mulgoa Road and surrounding streets between Jeanette Street and Blaikie Road, and the M4 Motorway ramps (see map overleaf).

We will finish setting up our site compounds, remove vegetation, conduct utility investigations, remove the median in the road, secure our project boundary and put barriers and fencing on the road, for our crews to work safely behind.

Due to high traffic volumes on Mulgoa Road, to maintain access for businesses and residents and for the safety of our workers and road users, some of this work needs to be done at night.

Working days and hours are:

Day times

- Between 7am and 6pm on local roads
- Between 10am and 2pm on Mulgoa Road

Night-time work between 6pm and 5am

- 26, 27 and 29 June 2023
- 3 and 4 July 2023

We will provide further information to impacted residents about other nights we need to work on, closer to the date.

Noisy work

We will use machinery such as, excavators, petrol chainsaws, a chipper, vacuum truck, rollers, other trucks for transporting material and saw cutting equipment.

We will aim to complete the noisier parts of the work before midnight.

Our schedule of night work

- **Monday 26 June** - Removing vegetation on the M4 eastbound off ramp. Excavating and backfilling the median on Mulgoa Road. Utilities investigation on Wolseley Street.
- **Tuesday 27 June** - Removing vegetation on the M4 westbound on ramp. Excavating and backfilling the median on Mulgoa Road. Utilities investigation on Blaikie Road.
- **Thursday 29 June and Monday 3 July** - Removing vegetation between the lanes on the M4 near the Mulgoa Road interchange. Excavating and backfilling the median.
- **Tuesday 4 July** - Excavating and backfilling the median.

The stockpile site at 95 Blaikie Road will be used on all the above nights.

What will this mean for you?

While our work may be noisy at times, we will do everything we can to minimise its impact, including turning off machinery when not in use.

Traffic changes

During night work, one lane in each direction on Mulgoa Road, on the M4 and M4 ramps will be closed to traffic at some times, with traffic controllers on duty to guide vehicles.

During the day, we will need to temporarily close lanes. Please comply with instructions from traffic controllers and use the available traffic lanes. Access to side streets, businesses and residences will remain open. We are attempting to minimise disruptions, but occasional temporary traffic

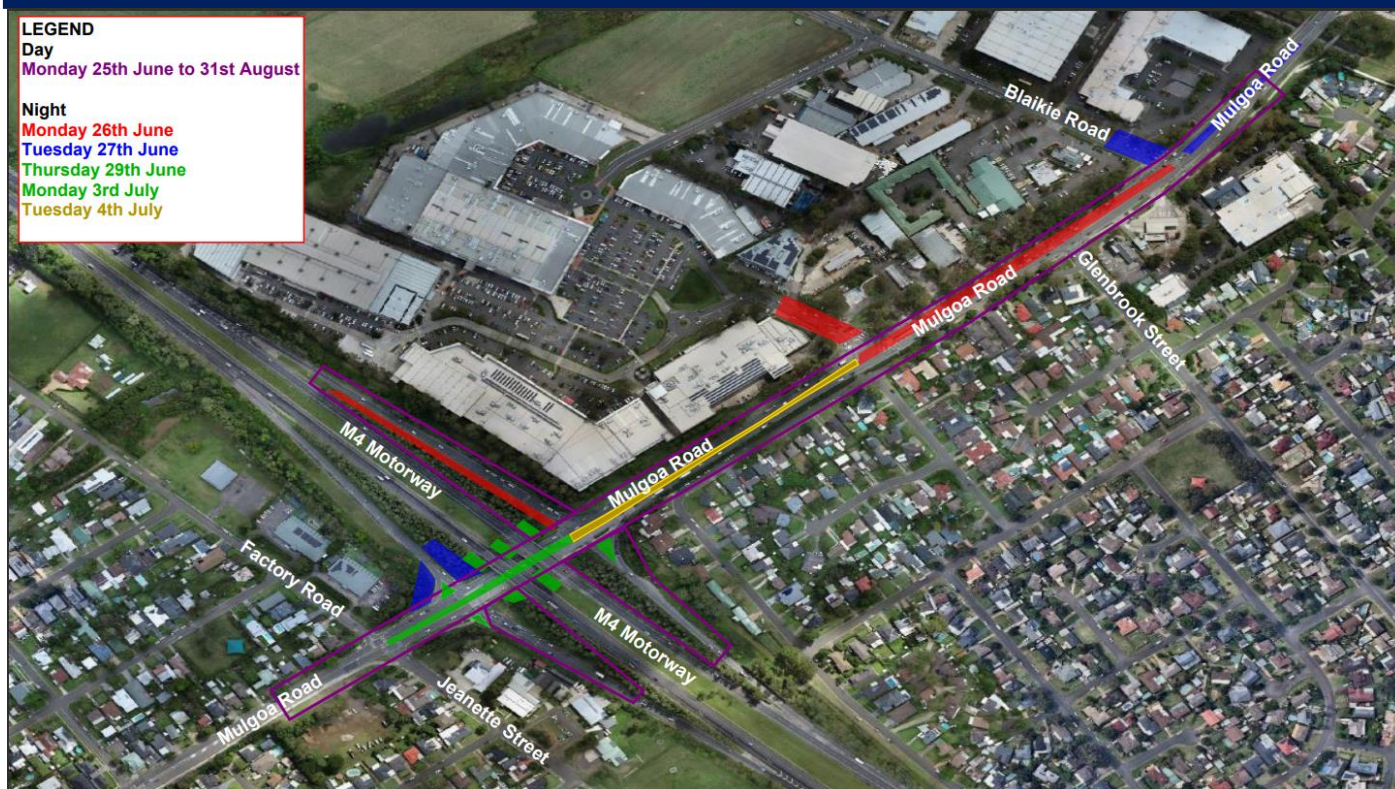

changes may be necessary to ensure the safety of work zones.

These changes will include lane closures and a reduced speed limit of 40km/h around the construction area. It is essential for drivers to adhere to the designated speed limits, follow the guidance provided by traffic controllers and signs, and stay updated on the latest traffic conditions by calling 132 701, visiting livetraffic.com, or downloading the Live Traffic NSW App.

Thank you for your patience during this important work.
