

Changed traffic conditions at two locations in Dubbo as part of the New Dubbo Bridge project

June 2023

Australian Government

Transport for NSW acknowledges the Wiradjuri people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present

What work are we doing?

Construction is continuing at various locations in Dubbo throughout June and July by our head contractor Abergeldie Complex Infrastructure.

Work includes:

- Utility relocation and upgrade work
- Utility investigations and traffic controls including barriers and temporary lane realignment
- Continuation of land piling
- Setting up environmental controls, clearing and removal of stone wall at Wiradjuri Park

When and where we'll be working

Crews will be installing traffic barriers and relocating utilities at the intersection of **Bourke Street and River Street** from Tuesday 6 June.

From Monday 3 July work will be carried out to remove the median strips at the intersection of **Whylandra Street and Thompson Street**.

Our standard work hours will be **Monday to Friday from 7am to 6pm** and **Saturday between 8am and 1pm**. There is no planned work on Sundays and public holidays.

Night work

To minimise traffic impacts, some work will be completed at night.

Night work will be carried out from **6pm to 7am** for up to 18 night shifts across June and July.

What will this mean for you?

To enable the utility relocation and upgrade, the road shoulders of Bourke Street and River Street will be closed. Barriers will be in place with access to businesses maintained at all times.

You may also notice:

- Workers and vehicles
- Traffic controllers and signage
- Concrete barriers in the road shoulders
- Reduced speed limits of 40km/h
- Footpath and lane closures
- Noise from machinery and equipment

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- Working at night to minimise traffic impacts
- Turning off machinery when not in use
