

Normanhurst Station Upgrade

Transport Access Program

Community update - April 2023

Transport for NSW acknowledges the Darug and Guringai people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Normanhurst Station Upgrade is part of the Transport Access Program to provide a station that is accessible to people with a disability, limited mobility, parents / carers with prams, and customers with luggage.

Our work may be noisy at times. Where possible measures will be implemented to reduce noise including turning off equipment when not in use, placing equipment as far away as possible from properties and using non-tonal reversing beepers.

What work are we doing?

During April we will be continuing work on:

- finalising the new lifts
- installing communication cables
- installing new public address system (speakers and passenger displays)
- installing wayfinding signage
- installing canopies on station platforms
- landscaping on Malsbury Road
- installing metalwork on stairs and footbridge.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- reducing our noise as much as possible
- the use of noise blankets where possible, replacing reversing beepers with clickers
- traffic control and signage will be in place
- directional lighting pointed away from residential properties wherever possible.

When will we be working?

Our standard scheduled work hours are **Monday to Friday from 7am until 6pm, and from 8am until 1pm on Saturdays.**

Changes to scheduled work

Work schedules are subject to change due to permits, weather, and site conditions.

Further notification will be provided should there be a significant change to the construction program.

How this may impact you

We will be using a range of equipment throughout April which includes excavators, jackhammers, compactors, trucks, grinders and various hand and power tools.

We thank you for your patience during this important work.
