Tuggerah Station Upgrade

June 2023

Transport for NSW acknowledges the Darkinjung people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is upgrading Tuggerah Station as part of the Transport Access Program. The upgrade will provide a station that is accessible to those with a disability or limited mobility, parents/carers with prams and customers with luggage.

What we are doing in June?

Work includes:

- continuation of removal and demolition of existing Platform 1 canopy & platform concrete slabs
- minor earthworks on Platform 1 and 2 will be completed to allow for the commencement of piling works
- mobilisation and commencement of piling activities on both sides of the station behind hoarding
- trenching within the Bryant Drive carpark for power line works
- underground utilities investigation works
- in June, intermittent use of a temporary site compound on the Pacific Highway opposite Anzac Road will continue.

Drivers will also continue to see construction vehicle movement and traffic control set-up on Pacific Highway and Anzac Road.

Throughout the month of June, there will be changes to car parking arrangements at Tuggerah Station. Signage will be in place to provide further details.

When we'll be working

Standard construction hours are **7am to 6pm Monday to Friday and 8am to 1pm Saturday**. We will notify nearby residents and businesses in advance if we need to work outside these times.

Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment.

This includes:

- traffic control and signage will be in place
- reducing our noise as much as possible.
