

Nowra Bridge project

Traffic changes on the Princes Highway and Bolong Road | June 2023

Upcoming night work on the Princes Highway

Pavement work will be carried out next week on the southbound lanes of the Princes Highway between Mattes Way and Illaroo Road.

For the safety of workers and road users, both northbound and southbound traffic on the Princes Highway will be reduced to a single lane and a reduced speed limit of 40 km/h will be in place.

To minimise the impacts to road users, work will be carried out over two nights between 6pm and 7am on **Wednesday 14 June and Thursday 15 June 2023**, weather permitting.

When this work is complete, the southbound lanes on the Princes Highway between Mattes Way and Illaroo Road will shift east. This is required so work in the middle of the highway can be carried out to replace road pavement and construct concrete medians.

Temporary closure of Bolong Road

Bolong Road will be closed between the Princes Highway and Beinda Street while this night work is carried out, between 6pm and 7am on **Wednesday 14 June and Thursday 15 June 2023**, weather permitting.

Detours will be in place with light vehicles detoured via Beinda Street, and heavy vehicles detoured via Railway Street, then Cambewarra Road and Meroo Road. Resident and business access will be maintained from the Beinda Street intersection with Bolong Road.
