

# Road work on Pacific Highway and Miller Street, North Sydney, from Sunday 22 October 2023

## Road Safety Program

October 2023

Australian Government

Transport for NSW acknowledges the Cammeraygal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Transport for NSW (Transport) is upgrading the intersection at Pacific Highway and Miller Street, North Sydney, to improve pedestrian safety and increase capacity.

### What work are we doing?

- Increasing safety for pedestrians by making the temporary slip lane closure from Pacific Highway into Miller Street permanent
- Adding red arrow protection at the Pacific Highway crossings
- Widening the existing crossing on Miller Street towards the new Metro Station (due to be opened in 2024)
- Making crucial stormwater drain repairs on the Pacific Highway, near this intersection.

Please see map for the location of this work.

### When we'll be working

Work will take place **at night** from **Sunday 22 October 2023** to **late February 2024**, weather permitting.

To minimise daytime disruptions to traffic and pedestrians, our standard work hours will be between **8pm and 5am, Monday to Friday**.

We will generally not carry out work on weekends or public holidays, however, to minimise the duration of construction, we will be **working continuously over two weekends** during the construction period. Further information regarding these shifts will be shared with the community when details are confirmed.

### What will this mean for you?

The work will involve trenching and the installation of new utilities in the footpath, with upgraded cabling to traffic signals at the intersection.

During this work we will need to use machinery and equipment including a jackhammer, excavator, and concrete saw.

The work may be audible but we do not expect it to be intrusive for residential properties.

### Managing our impacts

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to workers and motorists. We will be doorknocking properties closest to our work to understand how this may affect them.

It may be noisy at times; however, we will do everything we can to minimise the impact of our work. Our noise studies also indicate most properties potentially affected by noise are commercial and not in use during these hours.

## Traffic changes

There will be some temporary traffic changes during work hours to ensure the work zone is safe. At times, we will need to change lane configurations and close sections of the road. Changed traffic conditions may affect travel through the area and detours and or diversions may be temporarily in place. Please subscribe to weekly updates to stay up to date.

## Stay up to date

Weekly email updates will be provided. Please email us with the subject heading "Subscribe me to Pacific Hwy/Miller Street e-news" to

subscribe. Email updates will cease as soon as the work is completed. You can unsubscribe anytime.

Our phone will be monitored whenever we are working to support with any issues, concerns or complaints. If you have any questions or would like any further information about this work, please contact us on the details below.

For the latest traffic updates, **call 132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.

We apologise for any inconvenience caused and thank you for your patience during this important work.
