

# Turrella Station Upgrade Community Update

## Transport Access Program

December 2023/January 2024

Transport for NSW acknowledges the Gadigal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respects to Elders past and present.

The Turrella Station Upgrade is delivered as part of the Transport Access Program. The upgrade will provide a station precinct that is accessible to people with disability, limited mobility, parents/carers with prams and passengers with luggage.

### What are we doing?

Work includes:

- kerb, footpath and balustrade work to continue on Reede Street bridge and Turrella Street
- installing lighting and cladding on the new station entrance structure and platform canopy
- installing and fitting out the lift
- landscaping around Turrella and Reede streets
- placement of new tactiles throughout the station.

The above work involves delivery and removal of construction material and equipment, as well as the use of heavy equipment such as concrete pumps, excavators and vehicles modified to operate on the railway. Traffic and pedestrian detours will be in place, during the work.

### When we'll be working

Our construction hours will be between **7am and 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

### Temporary lane closures on Reede Street bridge

For the remainder of the project, one lane of Reede Street bridge will continue to be closed intermittently during construction hours, for the set-up of equipment and to carry out work on the station platform, footpath and station entry. Traffic control will be in place during the closures.

### What will this mean for you?

You may notice:

- traffic controllers and signage
- lane closures and reduced speed limits
- footpath closures
- noise from machinery and equipment.

Vehicle and pedestrian access will be maintained at all times under traffic management. Follow traffic signage and allow for additional travel time during this period.

### Christmas 2023 and New Year 2024 period

The last working day for the Turrella Station Upgrade project will be **Friday 22 December 2023** with work resuming on **Monday 8 January 2024**.

We would like to take this opportunity to thank the community for their patience while this important work is being undertaken and to wish you a safe and happy festive season.
