

Turrella Station Upgrade

Community notification

August 2023

Transport for NSW acknowledges the Gadigal and Bidjigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Turrella Station Upgrade is delivered as part of the Transport Access Program.

The upgrade will provide a station precinct that is accessible to people with disability, limited mobility, parents/carers with prams and customers with luggage.

What are we doing in August?

Work includes:

- plumbing, electrical, tiling and carpentry activities within the station unisex toilet and station master's room
- service identification and investigation, kerb and footpath work on Turrella Street and Reede Street bridge, requiring pedestrian detours.

When we'll be working

Our construction hours will be between **7am and 6pm Monday to Friday** and **8am to 1pm on Saturdays**.

Out of hours work

Work that commenced in late July on the station lift shaft will continue until **7am on Wednesday 2 August**, during a Sydney Trains trackwork period where the station is closed, and buses are replacing trains. During this time, one lane on Reede Street bridge will be closed to traffic and pedestrians. See map over page.

What will this mean for you?

You may notice:

- traffic controllers and signage
- lane closures and reduced speed limits
- footpath closures
- noise from machinery and equipment.

Temporary lane closures on Reede Street bridge

We will continue to intermittently close one lane of Reede Street bridge during the day until October 2023. These closures are required to enable the set-up of equipment and to carry out work on the station platform and upgrade of the footpath and station access.

Vehicle and pedestrian access will be maintained at all times under traffic management. Follow traffic signage and allow for additional travel times during this period.

Location of work and lane changes
