

Have your say: Review of bus services to Balmain East Wharf

Bus routes 442 and 445

November 2024

Transport for NSW acknowledges the Gadigal people of the Eora Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is committed to ensuring bus services continue to meet the needs of the community.

We are seeking feedback on potential adjustments to bus services that operate to Balmain East Wharf.

Why are we reviewing these services?

In 2018, changes were made to some bus services, including route 442 between the Sydney CBD and Balmain, and route 445 between Campsie and Balmain.

This included introducing additional services across the week on route 442 operating between the Sydney CBD and Balmain East Wharf and changing route 445 to operate between Campsie and Gladstone Park, Balmain.

The changes were made to improve service frequency, provide additional capacity and improve the reliability of these services.

Transport for NSW (Transport) is currently reviewing these services. This review reflects a NSW Government election commitment to investigate options to restore route 445 to operate to Balmain East Wharf via Darling Street.

What will this mean for you?

Transport wants to update you on the options being considered, the impacts that each of these may have on your travel and understand what your preference may be if changes were made.

If changes to the existing bus services are made, we want to ensure they are guided by the needs of the community.

What are the options?

The proposed options for consideration and community feedback are:

- **Restore route 445 to operate to and from Balmain East Wharf together with route 442, which will require some local parking changes.**
- **Operate a select number of route 445 services to and from Balmain East Wharf, which will require some local parking changes.**
- **Maintain routes 442 and 445 as they currently operate, but with an increased frequency on route 445.**
- **No changes to current operations (route and service frequency) of both services.**

See map overleaf for details on the existing routes. More information about each of the options is detailed in the survey.

How to have your say

We invite you to consider the potential options Transport has identified and let us know which one you prefer.

You can have your say on these options by **Friday 22 November 2024**.

We encourage you to complete the survey at:
<http://www.transport.nsw.gov.au/buschanges>

Or scan the QR code

If you would prefer to email us your feedback please send this to:

buschanges@transport.nsw.gov.au or provide written feedback to:

Transport for NSW, Attention: Bus Consultation
Level 8/231 Elizabeth Street, Sydney, NSW 2000

What are the next steps?

After the consultation period closes, we will carefully consider all feedback received via the survey and other feedback options, we will report back to the community on the proposed approach.

Current bus routes 445 and 442 and possible extension of the 445
