

Transport Access Program

Clarendon Station Upgrade

Upcoming work | **August 2024**

Finishing work at Clarendon Station will take place from **Monday 26 August to Friday 30 August**.

Work will involve:

- footpath resurfacing
- installing permanent tactile markers on level crossing.

Standard construction hours on this project are between **7am and 6pm Monday to Friday**.

Work is planned for two nights **from 6pm to 6am**, between **Monday 26 August** and **Friday 30 August 2024** (weather dependent).

For the safety of staff and customers, some work will take place at night when trains are running less frequently.

You may notice workers and vehicles and noise from machinery and equipment. Equipment being used includes lighting tower, core drill, hand tools, delivery trucks and other vehicles.

Wherever possible, we will take measures to reduce noise, including turning off vehicles and equipment when not in use, exercising respite periods during work and using non-tonal reversing beepers.

We apologise for any inconvenience and thank you for your patience as we complete this important work.
