

Doonside Station Upgrade Community Update

Transport Access Program

September 2024

Transport for NSW acknowledges the Darug people as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

At Doonside Station while construction of the new lifts and other amenities is complete, some additional activities will be completed before the team leave the site and remove the construction compound.

The Doonside Station upgrade is delivered as part of the Transport Access Program, an initiative to provide a better experience for public transport passengers by delivering accessible, modern, secure, and integrated transport infrastructure across the state.

Transport for NSW would like to thank you for your continued support and cooperation during the upgrade work.

What work are we doing?

In September, our work will include:

- installing a new orange 'T' (train) sign near Eastwood Lane.
- the installation of an earthing pit, used to access and maintain electrics, at Cross Street.
- minor rectification work activities across the station.
- placing artwork panels that have been created to show the local heritage, within the station area, near Eastwood Lane.
- cleaning the station building on Platform 1/2.

Our work hours are **7am until 6pm, Monday to Friday** and **8am until 1pm on Saturdays**.

What will this mean for you?

You may notice:

- occasional periods of noise and vibration from machinery and equipment.
- increase in construction vehicles and workers.

Changes to scheduled works

Work schedules are subject to change due to permits, weather, and site conditions.

Further notification will be provided should there be a change to the work program.

Managing our work

There will be times when we'll create noise due to construction activities. But we'll try to keep it down by:

- turning off vehicles and equipment when not needed and using quiet beeping sounds when backing up.
- using traffic control and signage to notify pedestrians, commuters and road users of any temporary changes required to carry out our work.
