

Nightwork extended on the Great Western Highway at Kirkconnell

Kirkconnell Rehabilitation Project

May 2024

Australian Government

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW Governments are jointly funding safety upgrades on the Great Western Highway at Kirkconnell, approximately 30 kilometres east of Bathurst.

Transport for NSW is continuing important safety work on the Great Western Highway to provide a stronger, longer lasting and safer road.

What work are we doing?

We will be carrying out asphalt works and line-marking to provide an improved road surface as part of the Kirkconnell Rehabilitation and McManus Road Safety Works.

When and where we'll be working

The work will be carried out at night to minimise the impact on motorists. Work hours will be between **5pm and 5am Sunday to Friday**, and we expect this to take two weeks to complete, weather permitting.

We have included a map to show the locations of the work.

What will this mean for you?

You may notice:

- noise from machinery and equipment
- traffic controllers and signage
- reduced speed limits to 40 km/h

Managing our Impacts

We aim to manage our work to avoid impacts to

the community and the environment.

This includes:

- reducing our noise and lighting as much as possible by completing noisier activities before midnight
- directing lighting away from residences where possible
- turning off machinery and vehicles when not in use.
- maintaining access for residents

Traffic Impacts

To ensure the safety of motorists and workers, traffic control will be in place including:

- a reduced speed limit to 40 km/h
- single lane closures
- intermittent stopping

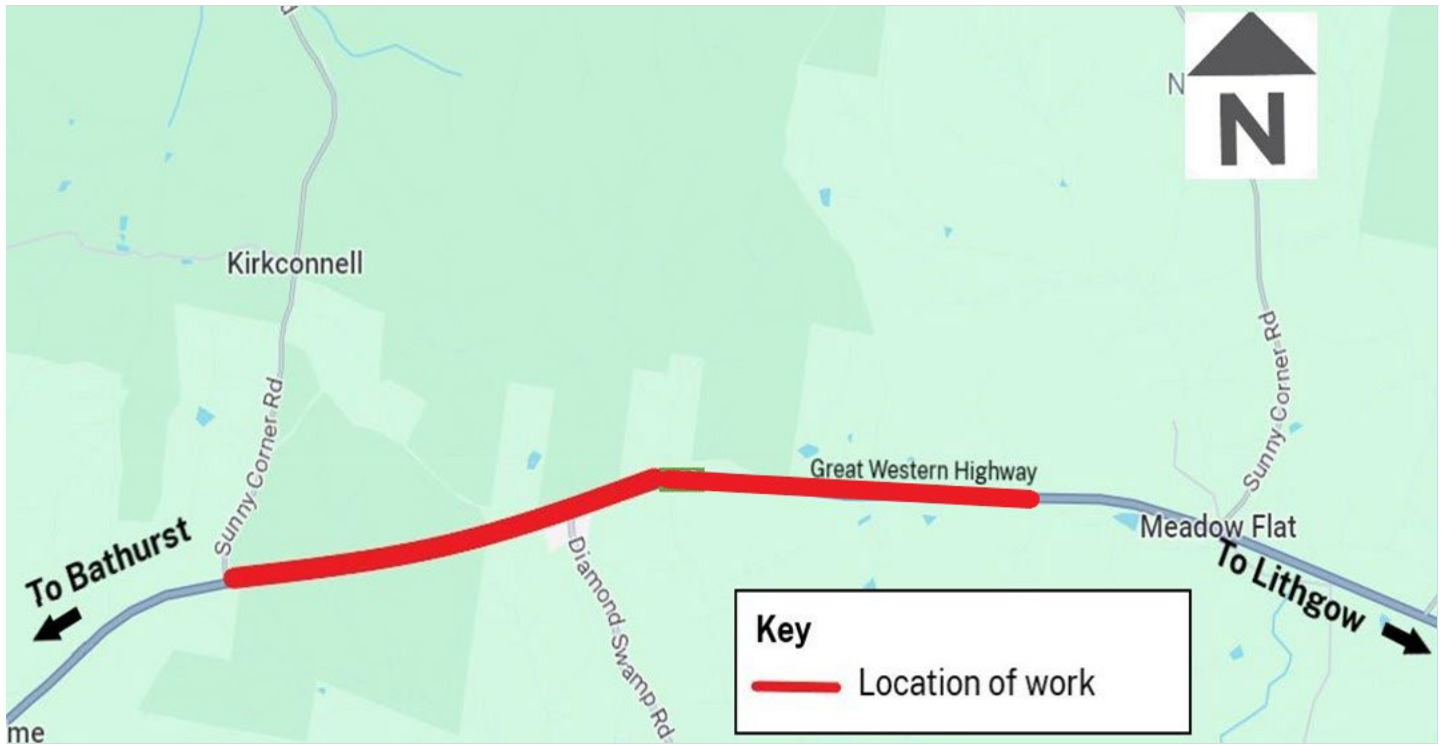

Road users are advised to follow the directions of signs and traffic control and slow down on approach.

For the latest traffic updates, call 132 701, or visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.

We understand that this work will generate some inconvenience and we thank you for your patience.
