

# Greenwich Point Wharf Upgrade

## Construction update

October 2023

Transport for NSW acknowledges the Cameraygal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Greenwich Point Wharf is being upgraded as part of the Safe Accessible Transport Program to make public transport safe, inclusive and easy to use for all passengers, especially people with disability, older people, people with prams or luggage and people with limited mobility

Due to supply constraints in the current market, there have been delays sourcing construction material. Major construction is now expected to begin in mid-2024 and take about six months to complete (weather permitting). We will notify the community before starting work
