

Greenwich Point Wharf Upgrade

Night work from Monday 3 June

June 2024

Transport for NSW acknowledges the Cammeraygal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

Greenwich Point Wharf is being upgraded as part of the Safe Accessible Transport program to make public transport safe, inclusive and easy to use for all passengers, especially people with disability, older people, people with prams or luggage and people with limited mobility.

Upcoming night work

As notified in April, Greenwich Point Wharf upgrade is underway, and some work is required outside standard hours.

For the safety of the community and workers, we need to carry out night work to install the precast lift pit near the wharf. The lift pit is being prebuilt and needs to be delivered to site when the water is calmer and there is less marine traffic.

When we'll be working

Night work will take place over **two weeknight shifts** between **Monday 3 June 2024** and **Wednesday 12 June 2024** from **8pm and 5am**, weather and maritime conditions permitting.

What will this mean for you?

Work will involve the delivery and installation of the lift pit. This will include deliveries via both water and road.

Equipment used will include a barge crane, trucks, hand tools and temporary lighting.

Trucks will be positioned at street level in Lower Serpentine Road and Mitchell Street to drop off and pick up equipment securely. Traffic control will be in place.

Pedestrian and vehicle access will be maintained via Lower Serpentine Road and the 265-bus route will continue to operate with no disruption to the services.

Managing our impacts

Some of our work may be noisy at times. We will minimise impacts to the community, by turning off equipment when not in use and placing equipment and lights as far away as possible from residents.

Thank you for your cooperation while we carry out this important work.

Stay up to date

We're going paperless to reduce our environmental impact. To assist with this initiative, subscribe to project updates by emailing us at projects@transport.nsw.gov.au or via our website.
