## Hawkesbury River Bridge substation maintenance work

From Saturday 4 January to Sunday 5 January 2025

### What we're doing

Sydney Trains will complete maintenance work at Hawkesbury River Bridge substation from Saturday 4 January to Sunday 5 January to ensure reliability of electrical services.

We will be utilising the wharf access road off Dangar Road at Hawkesbury River Station for access of machinery, vehicles, and workers to the worksite. This will result in increased volume of traffic on the wharf access road.

We understand this work will have an impact on you and your neighbours. We appreciate your patience and understanding.

### How this affects you

#### Noise

- These works may create additional noise over the weekend.
- **Work will take place from 5am Saturday 4 January to 7pm Sunday 5 January.**
- Equipment may be delivered to the worksite outside the above times. Some deliveries may occur at night due to daytime travel restrictions on large vehicles.
- Diesel work trains may have their engines running on site for an extended period.
- Finishing works including the removal of equipment may take place beyond the dates stated above.

#### Traffic

- Heavy vehicles will use local streets to access the rail corridor. Parking will be limited near access gates.
- We will park our vehicles inside the rail corridor where possible, however please be aware that on-street parking may be limited near worksites.

**We apologise for any inconvenience and thank you for your cooperation during these essential works.**
