

Henry Lawson Drive Upgrade Stage 1A

Project Update

September – November 2024

Transport for NSW acknowledges the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Transport for NSW is upgrading Henry Lawson Drive, between Tower Road, Bankstown Aerodrome and Auld Avenue, Milperra.

What work are we doing?

During standard work hours, our work will include:

- Completion of new south bound slip lane off Milperra Road, including traffic switches
- Commence roadworks on existing north bound lanes along Henry Lawson Drive, from Auld Avenue to the Northbridge Road intersection
- Excavation and filling for road works
- Construction of a retaining wall near the Georges River Golf Course
- Adjustments to the south bound ALDI driveway slip lane
- Footpath construction on Milperra Road with changes to pedestrian movement locations.

Our night works will include:

- Adjustment to existing traffic lanes and traffic flow
- Changes to traffic signals at the Milperra Road and Tower Road intersections with Henry Lawson Drive
- Changes to traffic lanes north of Tower Road in all directions
- Excavation and filling for road widening
- Continuing excavation for drainage works north of Tower Road into Georges River.

When and where we'll be working

Our normal work hours will be between **7am and 6pm** from **Monday to Friday** and between **8am and 1pm** on Saturday. We will not work standard work hours on Sundays and during public holidays.

Our night work hours will be **Sunday to Thursday** from **8pm to 5am** the next day to minimise traffic disruptions and reduce safety risks to workers and road users. Traffic switches or works with major impact may occur on Friday and/or Saturday nights due to road restrictions. The project will not exceed 5 nights of work in a 7-day period.

What will this mean for you?

We will be changing traffic conditions to facilitate future construction work on Henry Lawson Drive and Milperra, Tower, and Newbridge Roads.

Closure of the shared pedestrian and cycle path from the intersection of Henry Lawson Drive heading south to Auld Avenue will continue. Cyclists will be required to dismount due to narrow pathway.

You may notice increased activity in the area, including:

- Workers and vehicles
- Traffic controllers and signage
- Lane closures and reduced speed limits

- Footpath closures
- Pedestrian and cyclist detours
- Noise from machinery and equipment
- Long term changes to traffic conditions on Henry Lawson Drive between Auld Avenue and Tower Road
- Long term changes to traffic conditions on Milperra Road and Newbridge Road approaching the Henry Lawson Drive intersection.

Please observe traffic change information displayed on variable message signs stationed in key areas along the upgrade zone.

Managing our impacts

We will make every effort to minimise impacts to the local community and motorists in the area by keeping noise to a minimum and directing lights away from residential areas, wherever possible.

For the latest traffic updates, call 132 701, visit livetraffic.com or download the Live Traffic NSW app.
