

# Investigation work on Pennant Hills Road, Beecroft and Carlingford from Sunday 4 February 2024

## Community notification

January 2024

Transport for NSW acknowledges the Burramattagal people of the Dharug Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

### Transport for NSW will carry out investigation work on Pennant Hills Road between Sunday 4 and Friday 16 February 2024.

This work will inform final planning of the Pennant Hills Road and North Rocks Road intersection upgrade project.

#### What work are we doing?

The work will involve locating underground utilities on Pennant Hills Road between Murray Road Farm and Pennant Hills Road and North Rocks Road intersection.

Work activities will include:

- establishing temporary work sites along Pennant Hills Road
- visual surveying and potholing to locate and investigate underground utilities
- restoring the work areas once investigation work has been completed.

Further information on the project location is shown on the map at the back of this page.

#### When will we be working?

We will complete the work over **five night shifts** between **Sunday 4** and **Friday 16 February 2024**, weather permitting.

Our work hours will be between **Sunday** and **Friday, 9pm** and **5am**.

We will not work on the weekend after 5am Saturday.

#### What will this mean for you?

Our work needs to be carried out at night to limit disruption to traffic and reduce safety risks to our workers, pedestrians and motorists.

Our work may be noisy at times, but we will do everything we can to reduce our impacts, including:

- turning off equipment and vehicles when they are not in use
- using quieter equipment where possible
- completing the noisier tasks by midnight.

#### Traffic changes

There will be temporary traffic changes to make sure the work zone is safe.

As work sites will impact the footpath, traffic controllers will be on site to assist pedestrians.

Lane closures and a 40km/h speed limit will be in place and may affect travel times.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.

Transport for NSW thanks the community for their patience while we complete this important work.
