

Out-of-hours work on Memorial Avenue at Kellyville from 1 February

Memorial Avenue Upgrade
January 2024

Transport for NSW acknowledges the Dharug people of as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

Memorial Avenue is being upgraded to a four-lane road between Old Windsor Road and Windsor Road at Kellyville to reduce travel times and congestion and improve road safety.

What work are we doing?

In February, we will carry out the following works:

- construction of concrete traffic islands, kerbs and shared pedestrian paths
- traffic signals work
- earthworks and pavement construction
- utilities connection
- stormwater drainage installation

When will we be working?

We will be working from **Thursday 1 to Thursday 29 February**, weather permitting. Our out-of-hours work will be between **8pm to 5am Sunday to Friday and 7am to 5pm on Saturday**.

Normal working hours are between 7am and 6pm Monday to Friday and between 8am and 1pm on Saturday.

What will this mean for you?

We will be completing our work at night to reduce traffic disruption and any safety risks to the workers and road users.

The night work will involve some machinery that makes noise and vibration. We will make every effort to lessen the disturbance where possible, completing noisier work earlier in the evening and turning off vehicles when not in use.
