

Upcoming weekend work

Friday 16 February to Monday 19 February

Friday 23 February to Monday 26 February 2024

February 2024

Australian Government

Transport for NSW acknowledges the Wallumattagal people of the Dharug Nation as the Traditional Custodians of the lands on which we work and pay respects to Elders past and present.

The Australian and NSW Governments are investing in Macquarie Park to improve public transport and the road network.

What work are we doing?

We are connecting the final section of water pipe to the Sydney Water network along Waterloo Road between Harvest Street and Lane Cove Road, Macquarie Park. The work will take place:

- **8pm Friday 16 February until 5am Monday 19 February 2024 and**
- **8pm Friday 23 February until 5am Monday 26 February 2024, weather permitting.**

What will this mean for you?

During the work, a few traffic changes will occur including:

- temporary closure of two eastbound lanes on Waterloo Road between Harvest Street and Lane Cove Road
- the Macquarie Park Station, Waterloo Rd, Stand F (2113310) bus stop will be temporarily closed. Catch the 545, 550 and 611 bus services from bus stop *Macquarie Park Station, Waterloo Rd, Stand E* (Stop ID 2113187). Catch the 197-bus service from bus stop *Lane Cove Rd before Talavera Rd*

Macquarie Park (Stop ID 2113207).

- driveway access at 35-41 Waterloo Road. We'll let those affected know about the detours and changes before we begin.

There may be a pause to the water supply for some properties. Sydney Water will notify those affected with specific details.

Managing our impacts

There will be times when we'll create noise due to construction activities, like cutting the road surface and digging. But we'll try to keep it down by:

- turning off vehicles and equipment when not needed and using quiet beeping sounds when backing up.
- using radios to talk between workers.
- employing noise barriers to reduce noise where needed.

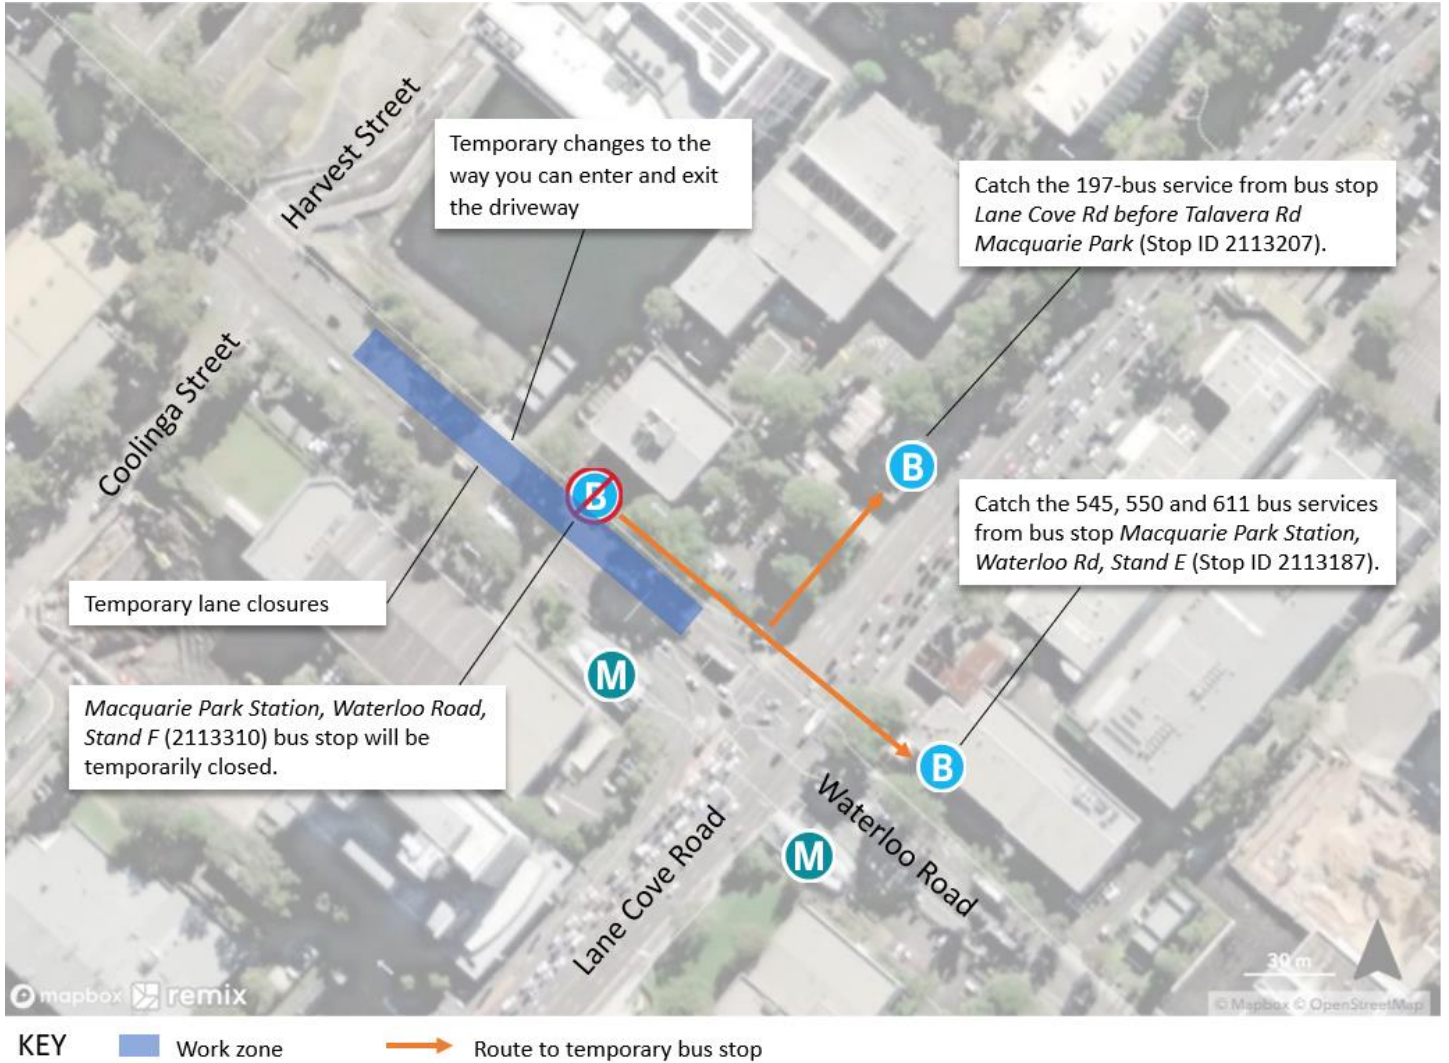

We'll have Traffic Controllers and signage to guide you through the work areas.

After the work, we'll fix any areas we've disturbed and ensure they're safe to use. Once all the work is done, we'll permanently fix up the road.

Remember to follow speed limits and any directions from the Traffic Controllers or signs. Your travel might take a bit longer, so thanks for being patient while we get this important job done.
