

Night work in Cecil Park

M12 Motorway – Central

May 2024

Australian Government

Transport for NSW acknowledges the Dharug Nation as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

What work are we doing?

Transport for NSW will be laying new asphalt to connect Elizabeth Drive with a new maintenance access road in Cecil Park as part of the M12 Motorway project.

During this period, we will:

- lay and level asphalt
- line mark new pavement
- deliver, use and remove equipment as needed.

Our work needs to be carried out at night for the safety of our workers and road users and to minimise traffic disruption.

The map overleaf shows the location of our work.

Our work schedules

We will work on **Tuesday 14 May** between **6pm** and **6am**, weather permitting. If we cannot work

during this night due to bad weather, we will work the following night on **Wednesday 15 May**.

What equipment will be used?

During the work we may use asphalt pavers, compactors, rollers, light and heavy vehicles, hand power tools, watercart, sweepers and lighting towers.

How will this work affect you?

During our work you may see increased activities in the area. The work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before midnight, where possible, and turning off equipment and machinery when not in use.

Traffic changes

There will be temporary traffic changes and reduced speed limits in place to ensure the work zone and road is safe for motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW app.
