

Road closure and night work on Elizabeth Drive and Badgerys Creek Road intersection, Badgerys Creek

M12 Motorway – West

July 2024

Australian Government

Transport for NSW acknowledges the Dharug people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The Australian and NSW governments are building the M12 Motorway to provide direct access to the Western Sydney International Airport at Badgerys Creek and connect to Sydney's motorway network.

What work are we doing?

Transport for NSW will temporarily close the Elizabeth Drive and Badgerys Creek Road intersection from **8pm Friday 2 August** to **5am Monday 5 August 2024**, weather permitting. We are closing the intersection so we can move traffic onto the realigned Elizabeth Drive.

During this period, we will:

- close the Elizabeth Drive and Badgerys Creek Road intersection
- remove the existing roundabout
- adjust the road alignment with new line marking
- Install new traffic lights at the realigned Elizabeth Drive and Badgerys Creek Road intersection.

This work needs to be carried out under a full road closure for the safety of our workers and road users, and to minimise disruption to traffic.

We will reopen the intersection from **5am Monday 5 August 2024**.

Detours will be in place to access Elizabeth Drive and Badgerys Creek Road. Please see the map overleaf for more information. Traffic control will also be in place to allow **local traffic** through, but the Elizabeth Drive and Badgerys Creek Road intersection is **strictly closed during this time**.

Our work schedule

We will work between **8pm Friday 2 August** and **5am Monday 5 August 2024**, weather permitting.

If the work needs to be changed due to weather, this work will be moved to the following weekend between **8pm Friday 9 August** and **5am Monday 12 August 2024**. We will notify you in advance if this takes place.

What equipment will be used?

We will use a grader, rollers, excavators, heavy vehicles, paving machine, profiling machine, line-marking truck, telehandler and lighting towers.

Managing our impacts

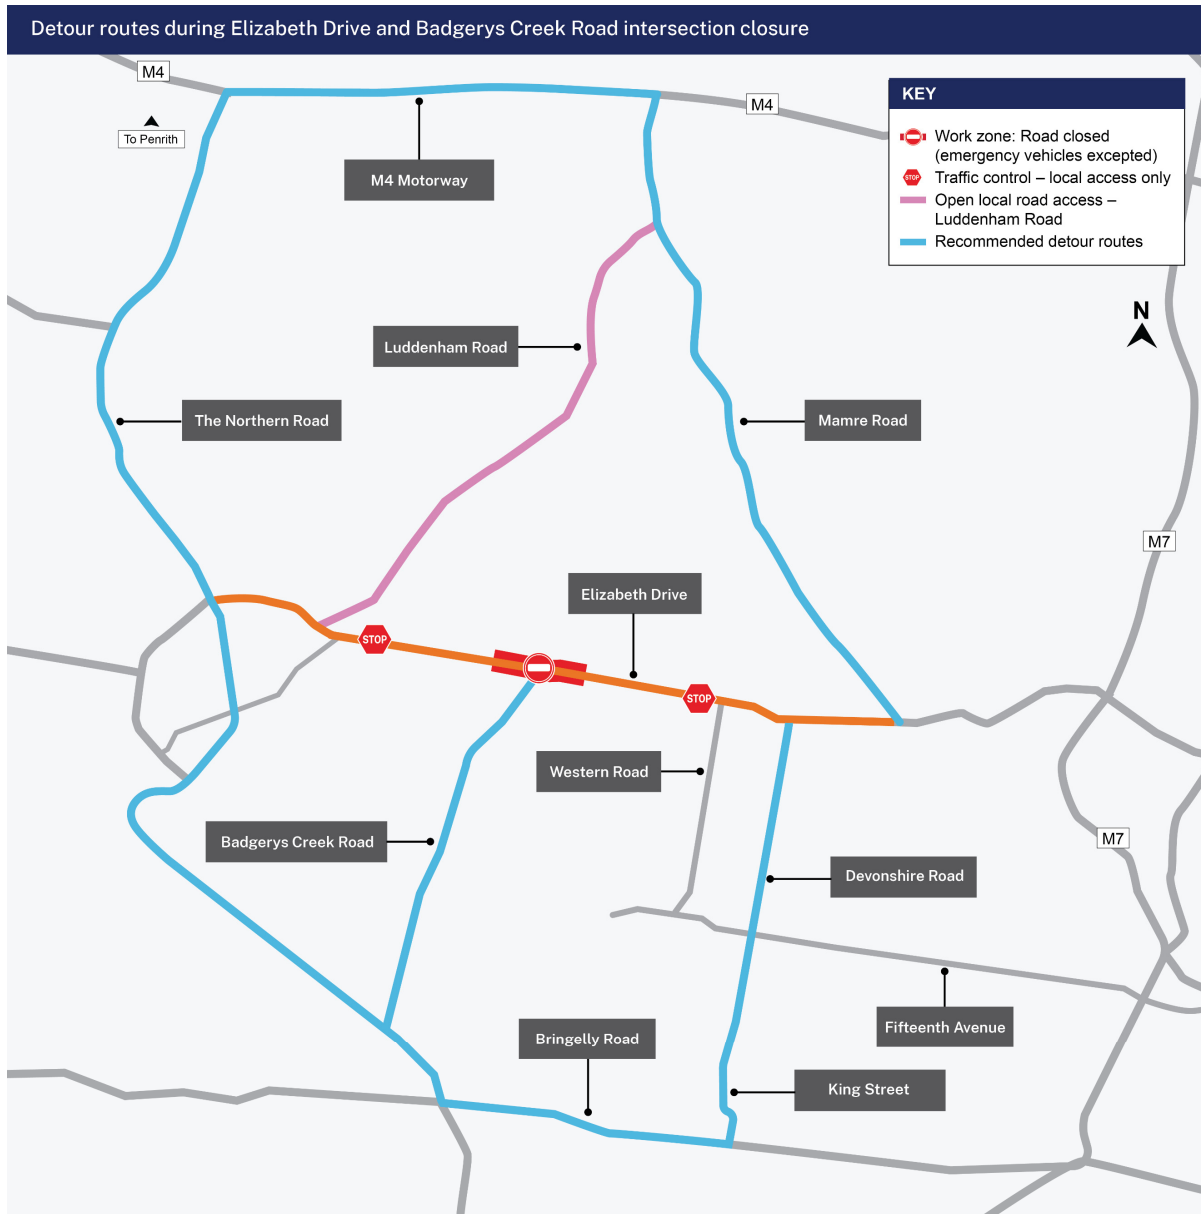

During night work, you may see increased activities in the area. Our work may be noisy at times, but we will do everything we can to minimise its impact, including completing noisier activities earlier in the night before **midnight**, where possible, and turning off equipment and machinery when not in use.

There will be temporary traffic changes to ensure the work zone is safe for workers and road users.

Please keep to speed limits and follow the direction of traffic controllers and signs.
