

Night work on Mamre Road between the M4 Motorway and James Erskine Drive from Monday 16 December 2024

Mamre Road upgrade
December 2024

What work are we doing?

Our work activities will involve:

- installing temporary traffic control, signs and safety barriers
- removing trees and vegetation within work areas
- building temporary road surfaces and access gates
- delivering, using and removing equipment as needed.

We will work over **two nights** on **Monday 16 December** and **Tuesday 17 December**, weather and work program permitting.

Our work hours are between **6pm** and **5am**.
Additional night works may be required following the indicated period in this notification.

We will endeavour to minimise disruption and residents directly impacted will be notified.

How will this work affect you?

Work may be noisy at times, but we will do everything we can to minimise its impact, including turning off equipment and machinery when not in use.

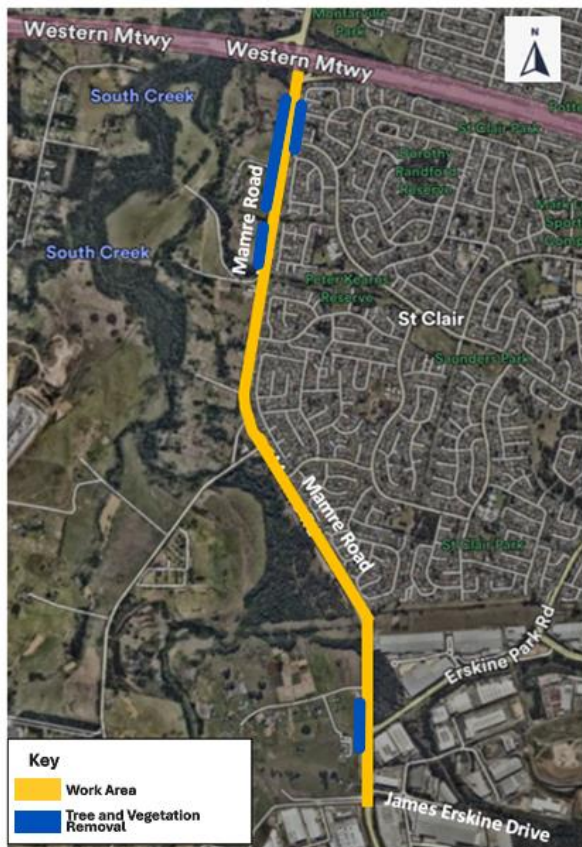

Traffic changes

There will be temporary traffic changes and reduced speed limits in place to ensure the work zone and road are safe for motorists and workers. Please keep to speed limits and follow the directions of traffic controllers and signs.
