

Sydney Trains

Morisset to Vales Point Resignalling

Tuesday 30 April 2024

What we're doing

To modernise the rail network, Sydney Trains is carrying out construction work from Morisset to Vales Point on Tuesday 30 April. This work involves modification and renewal of existing signal infrastructure, construction of cable routes and track and drainage works.

We will undertake delivery of large materials overnight due to vehicle restrictions.

We understand this work may have an impact on you and appreciate your patience and understanding.

How this affects you

Noise and Light Pollution

- **Material deliveries will take place from 2am to 8am Tuesday 30 April.**
- Light pollution will be minimised by directing light away from properties.
- These works may create additional noise at night during this period.

Traffic and Parking

- Heavy vehicles will be using local streets to access the rail corridor.
- Sydney Trains staff and employees will park vehicles inside the rail corridor where possible, but please be aware that on-street parking may be limited near worksites.

We apologise for any inconvenience and thank you for your co-operation during these essential works.
