

# Moss Vale Station and Stabling Yard Upgrade

## Community notification

December 2024

Transport for NSW acknowledges the Gundungurra and Tharawal people as the Traditional Custodians of the lands on which we work and pays respect to Elders past and present.

The NSW Government is delivering an upgrade to Moss Vale Station and Stabling Yard to make the station more accessible and to accommodate the new Regional Rail fleet.

The project will achieve Disability Standards for Accessible Public Transport 2002 (DSAPT) Compliance, providing a station precinct that is accessible to those with a disability, limited mobility, parents/carers with prams and customers with luggage, while ensuring it aligns with Moss Vale's transport needs.

### What work are we doing?

We will continue to carry out construction activities around the station building and on Argyle Street, Lackey Road and Dalys Way.

During the next month, we'll be:

- continuing work at the forecourt and station entrance including some excavation with archaeological supervision, plumbing and new kerb and gutters
- working around the lifts at the Argyle Street entrance and on the courtyard
- finalising work on the Family Accessible Toilet, ready to be reopened
- continuing work within the compound at Lackey Road railway footbridge for the new lift installation. Pedestrian access on the footbridge will stay as it is

- continuing excavation and track work at the permanent stabling yard, and starting construction of the new retaining wall
- continuing work around the mobile train simulator near the Dalys Way commuter car park. Parking will not be further impacted.

### What does this mean for you?

- Lackey Road will be closed between Garrett Street and Parkes Road from **7am to 6pm on Thursday 5 December** due to large vehicle movements and deliveries. Detour routes will be clearly marked and traffic control will be in place to assist residents and businesses.
- Vehicle access on Dalys Way will change to single lane, with staffed traffic control and/or boom gates or traffic lights in place.
- Pedestrian access will be relocated to the opposite side of Dalys Way with a marked footpath and temporary safety barriers.

### When will we be working?

Most work will be carried out during extended construction hours, from **7am to 6pm Monday to Friday** and **7am to 3pm Saturdays**.

**Out-of-hours work** will be carried out between **6am Saturday 23 November** and **6pm Sunday 24 November**. For the safety of staff and passengers this will take place during a scheduled Sydney Trains trackwork period when no trains are running, and the station is closed.

At this time all buses will leave from **Argyle Street near Leighton Gardens**.

All work is dependent on weather and site conditions and is subject to change.

Work to be completed this weekend includes:

- Platform 1 tactile indicator installation
- Power and communication system upgrades
- Civil works within the commuter carpark and Dalys way and forecourt.

For information on accessing the station during ongoing work, scan the QR code or visit [transport.nsw.gov.au/mossvale](https://transport.nsw.gov.au/mossvale)

## Share your Story

Stories can be handed down through generations, they might come from your own experiences or be tales of people you know or have met on your travels.

Locals are being invited to share their memories of Moss Vale Station. Whether it's a story passed down through your family, a personal experience, or a tale from someone you've met along the way.
